FALLS TO DEATH IN AUTO

ALLEGED KIDNAPERS JEERED AND CHEERED WHEN SENT TO JAIL Bond for Drew, Ford and Fox Increased; Constable With Warrant Searches in Vain for Burns

WASHINGTON, April 25.—Immediate investigation of the arrest and extradition of J. J. McNamara of Indianapolis is provided for in a resolution introduced in the House today by Representative Victor Berger of Wisconsin, Socialist member. Berger would have the inquiry undertaken by a joint committee of the House and Senate.

INDIANAPOLIS, April 25.—Walter Drew of New York, counsel for the National Erectors' Association; W. Joseph Ford, assistant district attorney of Los Angeles, and Frank Fox, a chauffeur, charged with having kidnaped J. J. McNamara, secretary-treasurer of the International Association of Bridge and Structural and Iron Workers, were arraigned today before Justice of the Peace Manning. They waived preliminary examination and were bound over to the Grand Jury. William J. Burns, detective employed by the National Erectors' Association, who arrived in this city from Toledo today, was sought by constables with a warrant for his arrest on the charge of kidnaping McNamara, but they could not find him. Drew, Ford and Fox, when arrested last night, were released under bonds of \$5000 each for Drew and Ford and \$3000 for Fox.

BOND IS INCREASED.

The bond to hold them for the Grand Jury today was set by the justice at \$10,000 each for Drew and Ford and \$5000 for Fox. Their attorney, W. A. Ketcham, after trying to procure bonds, failed and the men were taken to the county jail. A crowd had collected about the justice of the peace office and when the men started for the jail there was applauding and jeering. Soon after the men reached jail bonds were furnished by a surety company and they were released.

SPECIAL PROSECUTOR SECURED.

County Prosecutor Baker today appointed a special deputy, Henry Seyfried, to prosecute the case. The general charge against the men is that they conspired to take McNamara out of the State "without due process of law." The affidavits against Drew, Ford and Fox were made by J. J. Keagan, a labor union leader of Indianapolis, and member of the Indiana Legislature.

It is alleged that McNamara did not have an opportunity to consult counsel and resist extradition, after his arrest last Saturday evening, but that he was put into an automobile driven by Fox and taken to Chicago Saturday night, bound for Los Angeles, to answer an indictment charging him with complicity in a dynamite explosion at the Llewellyn Iron Works.

F. Badort of New York, an assistant of Drew, was arrested by three constables at his room in the Claypool hotel today and taken before Justice of the Peace Manning. Badort was taken into custody on a "John Doe" warrant, six of which were issued last night by Justice Manning on charges of kidnaping and conspiracy to kidnap. The expected bondsmen not appearing, the justice's clerk summoned constables to take Drew and Ford to jail. By this time the little courtroom, the hallway and the narrow stairway leading down to the street were filled with a noisy crowd. The clerk of the court started first with Ford. Drew hung back. "Come on, Drew," yelled a number of men, pressing from the hall into the doorway of the courtroom.

DREW RESISTS.

A constable took Drew's arm and as he resisted a dozen arms stretched out and the man was half dragged, half pushed into the hallway. There he smiled and stepped forward bravely and was apparently unmoved by a chorus of laughter, hand clapping and shouts, "How does it feel, yourself, Drew?"

"There's the district attorney going to jail," called one man as Ford passed down the stairway. Drew was jostled on his way to the street and a throng of men, most of them apparently of the working class, followed, excited and laughing, as Drew and Ford walked the two blocks to the jail. The turnkey searched the pockets of Drew and Ford. They were not

Annapolis Humbles Itself For Insult to Miss Beers

ANNAPOLIS, Md., April 25.—It is learned that Captain J. M. Bowyer, superintendent of the naval academy, had forwarded to Miss Mary H. Beers, daughter of Professor Beers of Yale University, a letter of apology for the act of one of the academy officers who suggested to her midshipman escort that by reason of her employment she should not again be invited to an academy dance. The letter was not made public but it is understood Miss Beers was assured the action was due entirely to a misunderstanding of her status. The body of midshipmen was not in sympathy with the attitude assumed by some of the academy officers in the matter. Their frequently expressed opinion is that a midshipman has a right to bring any respectable woman to a dance regardless of her employment or status.

\$700,000 DEAL IS CLOSED

H. M. Toy Purchases 3000 Acres Near Newark, in Centerville Section

Fertile Land Belonging to Fair Estate to Be Cut Up Into Subdivisions

A further instance of the confidence of capital in the ultimate supremacy of the bay counties was demonstrated yesterday when H. M. Toy purchased more than 3000 acres in and around Newark, Washington township.

The terms are private, yet it is known that the price asked for these holdings was \$700,000. The boundary of the land in question is northwest of Centerville and extends west to Jarvis Landing, comprising some of the best land in the Centerville section, which is known for its fertile soil. It takes in a famous landmark, the Threelake grove of eucalyptus trees, the oldest in the State, which can be seen all the way from Decoto to Warm Springs.

In the heart of the tract is located a holding of 500 acres recently acquired by the Southern Pacific Company for railroad shop purposes and it is understood that the company will have these shops completed in conjunction with the Dumbarton Bay Shore out-farm, in time to handle the Panama-Pacific exposition freight and passenger traffic.

OWNED BY FAIR ESTATE.

The land has been in the possession of the Fair estate for 36 years and the news of its sale will bring joy to the farmers of Alameda county, there now being a chance for the subdivision of the land into smaller tracts. It is the intention of the new owner to sell this land in five and ten-acre tracts, on which can be raised alfalfa and garden truck, thus increasing the production of this section. He will also place on sale factory sites adjoining the Southern Pacific tracks, residence lots and villa lots.

A portion of the marsh land will be reclaimed and it is said that there is no better alfalfa or asparagus land in the State.

NEWARK THRIVING.

The town of Newark has a thriving population of 10,000, is well situated, 25 miles from San Francisco and 20 miles from Oakland. Another factor which will enter into the development of Newark will be the rapid approach of electric roads to Dumbarton bridge on both sides of the bay, on one side the Key Route system, which is heading south, and on the other side the Peninsula Electric Company, which is heading north. Both will probably run over the bridge and on their way to San Jose from Oakland or on their way to Oakland from San Jose, thus forming a figure 8 between San Jose, Oakland and San Francisco, with Newark as a pivot.

Injured Aviator Purvis Dies of His Wounds

NEW ORLEANS, April 25.—William A. Purvis of Chicago, who fell with his biplane March 3 last, died last night of his injuries. Purvis fell beneath his engine, the weight of which drove a wooden stave entirely through his hip.

Retail Grocers Win Suit From Police Commission

SAN FRANCISCO, April 25.—The Supreme Court this morning rendered a most important decision affecting the retail grocers of the city. In the case of John Rapp & Sons vs. the police commission, two years ago the police commission ruled that a license would have to be taken out by retail grocers if they sold liquor in bottles in their store or quart. This was to be in addition to their regular grocery license. John Rapp & Sons, wholesale liquor dealers, and several other firms appealed, and Judge

Big Rock Crashes Into House, Killing Sleeper

UTICA, N. Y., April 25.—A huge ledge of rock became dislodged from the Halloway, a precipitous cliff in the residence section of Little Falls, shortly before daybreak yesterday and plunged downward 300 feet through the roof of the cottage of Fred Van Wie, who was asleep in his bedroom on the second floor. The boulder carried him and his bed to the cellar, killing him instantly. Other members of the household who were asleep in the room beneath Van Wie's escaped injury.

ELOPERS IN TOILS OF LAW

Pretty 16-Year-Old Girl and Two Companions Arrested on Train

White Slave Case Suspected by Police Turns Out to Be Love Affair

Suspicion that two young men and a girl in a second-class car of the midnight train from Southern California, might be engaged in violating the laws against the "white slave traffic," led to the police sending a posse to Sixteenth street depot last night to arrest Miss Alma Carse, aged 16, and her two companions. The trio spent the night in the city prison, to explain tearfully this morning to Captain of Detectives Walter J. Petersen that they were engaged in the innocent act of eloping to San Francisco to get married.

The parents of the girl, who reside at Watts, a suburb of Los Angeles, will be notified today, and the girl will probably be sent back to her parents, unless the return message brings consent to the wedding ceremony taking place.

GROOM IS 18.

The would-be groom is Charles Hennings, who was employed as an engineer on a steam shovel working on the big Los Angeles viaduct. He is 18 years of age. The third member of the party is his chum, Donald Andres, 19 years old, who came along to be best man and to attend to all minor details.

The three spent the night in separate cells in the city prison, and this morning made tearful explanation of their purposes. They had \$23 left from their original stock of funds to have the nuptial knot tied in the proper manner and start housekeeping. The girl looks less than 16 years of age. She is a pretty school girl with blue eyes and her complexion and hair between the blonde and brunette.

SAYS SHE IS SIXTEEN.

She claims to be 16 years of age, and the daughter of James S. Carse, a well-bor of Watts, Los Angeles county. To go on her wedding journey she donned all her finery, and traveled through the night in the hard-seated second class carriage in a starved white dress.

"I had my father's consent to marry Charles," she told Captain Petersen. "This was some months ago, as I have known him for several years. Some months ago I told my father that Charles and I were engaged, and he said he guessed we'd better get married. We didn't tell them we were going to run away. But Charles wanted to come to San Francisco, so we decided to come, and just ran away."

POSSE MAKES ARREST.

The actions of the trio on the train led the train crew to suspect that the girl and her two companions were running away, and the train auditor communicated his suspicions to P. A. Kendall, special agent at the Oakland station. The auditor, Inspector Charles Book and a posse went to the depot and made the arrest. The police are awaiting information from the father in response to the telegram. The fact that all three told the same story appears to place the stamp of truth on the account. They will be detained at the city prison pending the investigation, as the girl is but 16 years of age, and the constable they have the right to assure themselves that no wrong is being done.

C. W. MATTERN IS KILLED HIS COMPANION INJURED

Gary Denies Report That He Will Leave Steel Trust

NEW YORK, April 25.—Elbert H. Gary, chairman of the United States steel corporation, authorized today a denial of a story that in the near future he would retire from the head of the organization. Judge Gary's statement follows: "There is no foundation whatever for the published suggestion that my retirement from the position as chairman of the board of directors of the United States steel corporation is, or has been, under consideration. There is perfect harmony in the entire working organization and in the financial committee in the board of directors."

Penny Postage Predicted By Postmaster-General

WASHINGTON, April 25.—Postmaster General Hitchcock is confident that "penny postage" is a possibility of the near future as the result of reductions in the \$17,500,000 postal deficit which existed when he took charge of the postoffice department. He has made a statement to this effect in acknowledging letters received regarding the postal situation.

Nonogenarian Is to Claim His Bride Today

Rev. John Thompson, 92 years of age, will today claim as his bride Miss Harriette May Sherwood, who is in the early forties. The marriage ceremony will be performed by the Rev. F. L. Goodspeed of the First Presbyterian church. After the ceremony the bridal couple will leave for a honeymoon trip to the southern part of the state.

P. E. Bowles of Oakland Is Appointed U. C. Regent

OAKLANDER DIES IN WRECK

C. W. Mattern's Life Crushed Out When Car Leaps Over Bank

Machine Crashes Through Fence and Drops Thirty Feet Into Creek

C. W. Mattern, representative of an arc light company in Oakland, secretary of the Oakland Motor Club and former secretary of the Tri-City Rotary Club, was killed shortly before midnight last night near Albany when the automobile in which he was riding plunged into a creek.

Mattern was with Carl MacDonald, who is employed in the Imperial Cafe in Twelfth street. MacDonald escaped with no more serious hurt than a number of bruises.

Mattern and MacDonald were driving from Richmond to Oakland. They supposed they were on Stannage avenue, which is bridged at Cordornices creek, but, by mistake, took Cornell avenue, one block east, where there is no bridge but a flimsy fence across the end of the street on the Albany side.

CRIES FOR HELP HEARD.

The auto plunged through this fence and turned completely over, with the wheels in air. Mattern was pitched under the front seat. MacDonald was thrown clear of the machine. He called loudly for help and was heard by former Mayor Frank J. Roberts of Albany and Guy Lewis.

The men were standing at Roberts' front gate, seven or eight blocks distant. Both ran to the creek, accompanied by another neighbor named Eaton, who hastily procured a ladder. MacDonald called out to the men, "For God's sake, get my friend out from under that machine."

On lifting the automobile it was found that Mattern was still alive and gasping. Roberts hastened to a telephone and called up the Roosevelt hospital, summoning an ambulance. On returning to the creek, about five minutes later, he found that Mattern was dead.

He then summoned Deputy Coroner Ed Niehaus and a Berkeley policeman. The body of Mattern was removed to the Berkeley morgue.

An examination of the automobile showed that the brakes were not applied when the machine went over the bank.

30-FOOT FALL.

The creek bed is at least thirty feet from below the level of the road and the fence is situated but a half dozen feet from the bank. The street on both sides of the creek is well paved almost to the edge of the bank.

MacDonald stated shortly after the accident that Mattern had commented upon the smooth manner in which the machine was running but a moment before the fatal plunge.

When picked up Mattern was found to have sustained a deep gash over his right eye, which is believed to have caused a fracture of the skull.

Mattern was a member of an Ohio lodge of Elks, about 30 years of age and married. His home was in the Safety apartments, Seventeenth street and San Pablo avenue.

The darkness along Cornell avenue near the creek is believed to have been partly responsible for the accident, the nearest arc light being 1000 feet distant.

Robert Lynch to Be Turin Commissioner

SACRAMENTO, April 25.—Governor Johnson today named Robert Lynch of the California development board as commissioner to the Turin Exposition in Italy. As commissioner, Lynch will have charge of spending the \$10,000 appropriation passed by the legislature, to collect, ship and maintain a California exhibit at the exposition in Italy.

## DOCTORS ADVISED OPERATION--DECIDED TO TRY GREAT KIDNEY REMEDY.

I want to tell you in a few words what Dr. Kilmer's Swamp-Root did for me, believing that my testimony may do some other suffering person a great deal of good.

About six years ago I was dangerously ill, consulted three doctors, all of whom said I had kidney trouble. One of the doctors analyzed my urine and reported that I had gravel, and further said that in order to regain my health and life an operation would be necessary. I did not want to be operated on, as I was afraid that I would not recover. Some one told me of Dr. Kilmer's Swamp-Root and said it was a reliable medicine for kidney trouble, so I decided to try it and went to Mr. Rose, the druggist, at 305 Central avenue, Minneapolis, and bought a bottle, took it, noticed results and continued taking it until I was entirely cured.

Having been free from any kidney trouble for over six years, I consider that I am absolutely cured and know that Dr. Kilmer's Swamp-Root has the credit.

I never fail to tell my friends about your remedy, as I believe it is the best of its kind. Your U & O Ointment is also very good. We are never without a jar in our house.

Yours truly,  
MRS. MARGARET E. ANDERSON,

## DR. BROWN TO HEAD UNIVERSITY OF N. Y.

NEW YORK, April 25.—Dr. Elmer Ellsworth Brown, Washington, United States Commissioner of Education under Roosevelt and Taft, was elected successor of Dr. Henry Mitchell MacCracken as chancellor of New York University at a meeting of the council of the university.

Dr. Brown was born at Kiantona, Chautauque county, August 28, 1861. He was educated at the Illinois State normal school, the University of Michigan and the University of Halle, Wittenberg.

## ELKS WILL GIVE UNIQUE SOCIALS

### Oakland Lodge Plans Number of Entertainments of a Varied Feature.

Oakland lodge of Elks No. 171 has under way one of the most unique series of socials ever given under the auspices of that organization. The idea, when carried into execution, will bring out the varied talents of the representatives of the various nationalities in the body. The lodge is one of the most cosmopolitan in the order, for the reason that it has members belonging to a great variety of nationalities, either by birth or descent. These nationalities are to be pitted against no other as entertainers and there will be an exceedingly great interest aroused as to which of the different classes of members proves the best entertainers. The lodge gives a monthly social, and the competition referred to will take place on the night of the monthly gathering devoted to mirth, mimicry and music. On those nights the rooms of the club will be decorated in a manner suggestive of the country which is being represented by the entertainers, the work to be done under the supervision of a special committee, no descendant from sires of that country.

Among the entertainers are to be representatives of Great Britain, Spain, Italy, Germany, Ireland and probably China and Africa. The reference to the last two places does not mean that there are among the members of the lodge natives of the Celestial kingdom nor yet of the black races of the jungle, but that there will be volunteer performers to represent each, and the impression obtains that the substitutes will be eminently successful as entertainers, for the reason the lodge has on its role of members some of the best negro and Chinese comedians to be found in any lodge of the kind on the Pacific coast.

The first of these unique monthly socials will be given on the night of the third Thursday in May, and will be conducted under the management of a committee composed of English and Scotch members, at the head of whom will be Dr. A. K. Crawford. The committee is already at work, and announces that they have a program which will be a winner. There will be songs, stories, legends, sketches and customs of both England and Scotland introduced and, at the same time, the refreshments will be those which are greatly appreciated in the land of the rose and in the land of the "brown heath and shaggy wood." Max Kowinski is the director-general of these world-wide socials, and will see that they are the finest ever given under the present auspices.

## SEEK WITNESSES IN DYNAMITING CASE

locked in cells but were allowed to remain in the outer office until their bondsmen arrived.

After a half hour the crowd about the jail entrance dispersed. Eadoff's bail was fixed at \$10,000 and he was taken to jail. He demanded a hearing and the court set 2 o'clock this afternoon, when the case will be taken up.

The Marion county grand jury began today its examination of the records which were seized yesterday after a subpoena served on President Ryan of the International Association of Bridge and Structural Iron Workers to produce the books before the grand jury had been ignored.

An order issued late yesterday by Judge J. J. Markey in the criminal court bars private detectives and unofficial investigators from examining the documents of the union, but permits the association officials to see the records in the presence of members of the grand jury or the prosecutor.

### Closely Guarded, Dynamite Suspects Leave Albuquerque

ALBUQUERQUE, N. M., April 25.—Handcuffed and locked in compartments, J. J. McNamara, secretary-treasurer of the Structural Iron Workers' International Union; J. B. Bryce and Ortie E. McManigal, arrested on the charge of the dynamiting of the Los Angeles Times plant, passed through here at 11 o'clock today aboard the Santa Fe fast train en route to Los Angeles.

They were guarded by eight detectives from Chicago, Los Angeles and a private agency. No one was permitted to enter the compartments and the men were not allowed to leave the train.

J. J. McNamara was put on the train, according to the crowd, at Dodge City, Kas., having reached the station there a few minutes before train time, in an automobile accompanied by the officers. He had been taken to the station by a circuitous route. He was not with the other men and it was said by the passengers that he probably did not know they were aboard. He also was locked in a compartment and the blinds drawn.

The officers mixed with the crowd about the station until the train went out, taking turns at guarding the state-rooms. Members of the train crew were told to tell newspaper men that the prisoners would be aboard the limited tomorrow.

Bryce and McManigal looked out of the window and smiled at the crowd which had assembled with the hope of seeing them.

### Burns Sure of His Men and Declares Case Is Complete

TOLEDO, O., April 25.—Detective W. J. Burns spent five hours in Toledo yesterday on the Los Angeles dynamiting case.

Burns says he will experience no difficulty whatever in fastening the crime of blowing up the building of the Los Angeles Times, in which twenty-one lives were lost last October.

"I have been employed by Mayor Alexander of Los Angeles to apprehend the men responsible for the dynamiting in Los Angeles. I have accomplished it beyond a doubt. I have no feeling at all in the matter and am not opposed to unions, as stated today's dispatches. I have simply done my duty."

"The work of locating the place of supply of explosives, taken up first, led through various channels. No definite place was fixed until last January, when 1600 pounds of dynamite had been stolen from the France quarries at Bloomington, O. An operative went to Bloomington and from there to Tiffin. It was not long until two suspects were spotted, and these were trailed for weeks."

### SUSPECTS SHADOWED.

"Their absence from the places they frequented was carefully noted, the fact they were never out of sight of until they were placed under arrest in Detroit."

"I instructed our boys when they left Chicago to make the Times to tell McNamara and McManigal not to commit themselves in anything which might incriminate them or which might be used against them as evidence. But McNamara clearly showed what was on his mind when he said to my son: 'You don't want me for safe blowing at all, but for that Los Angeles job.'"

"McManigal was more conservative in his speech and required some persuasive arguments and most effective 'sweating' to get from him that which enabled us to fix this stuff. I have only got a good start on this 'crime of the century,' and when the public is made familiar with all its gory details the people of this country and throughout the world will be startled."

### Witnesses Sought by Office of the District Attorney

LOS ANGELES, April 25.—Both the district attorney and the labor leaders, the latter bent on vindicating their organizations from charges of transmitting and wholesale murder, were busy today preparing for the titanic legal struggle that will begin with the arrival of John and James McNamara and Ortie McManigal, the alleged conspirators who are accused of having blown up the Times newspaper plant. The trio of alleged dynamiters, under heavy guard, are expected here tomorrow and District Attorney John D. Fredericks is arranging preliminaries for a speedy arraignment and early trial.

Answering the summons of the district attorney, Mrs. D. H. Ingersoll, the San Francisco lodging house keeper, came to Los Angeles today to be present when the prisoners are being blown up by the Times newspaper. Bryce is one of the twenty named as the purchasers of dynamite in San Francisco for the destruction of the Los Angeles newspaper.

On the same train with Mrs. Ingersoll were Anton Johansen, former organizer of the building trades council, who was a witness before the Los Angeles grand jury which indicted the alleged dynamiters, Johansen's home being in Indianapolis before he came to California, and he is said to have known John McNamara, secretary of the International Bridge and Structural Iron Workers' Association, who was arrested by Detective Burns in the Indianapolis office.

Fredericks asserted that Johansen had not been sent for by his office.

### TO AID DEFENSE.

Johansen came in company with Job Harriman, a prominent Los Angeles Socialist worker and attorney, who will be identified with the defense of the accused plotters, when they are brought to trial.

Harriman said no arrangements so far had been made for the defense of the prisoners, and that probably by the close of the day here he would secure the release of the prisoners under habeas corpus proceedings.

Johansen went into conference with the local labor leaders immediately upon his arrival. All the while he and his associates were under the surveillance of men from the office of Samuel L. Browne, chief of the detective bureau of the district attorney's office.

Reports constantly were brought to District Attorney Fredericks, who spent most of the morning in conference with Felix J. Zechendelaar, secretary of the Merchants and Manufacturers' Association.

Browne's men also were busy rounding up persons who are believed to have seen the Los Angeles dynamiters at a local hotel both before and after the destruction of the newspaper plant. The dynamiters were seen here as late as 11 o'clock the day after the explosion, and those who can testify to this fact, as well as identify the alleged plotters, will take a principal part in the forthcoming trial.

According to union labor officials the charges of a proposed general strike in this city have been greatly exaggerated. As a concerted move on the part of union labor, it has not been contemplated, they say. While some unions have asked for higher wages, the employers are said to have met the demand with the result that at present there remain few union workers who have not already been accorded the higher wage. This applies especially to the bricklayers and carpenters, but to the contrary are men who strive constantly to vindicate the law and at the same time to uplift and improve the condition of men and women who toil for a living.

"Organized labor will proceed hand in hand with every worthy citizen of this state and will go to the furthest extreme in behalf of law and order."

### O. H. Hilton Will Be With Counsel for the Defense

LOS ANGELES, April 25.—O. H. Hilton, chief counsel for the Western Federation of Miners, and one of the attorneys for the defense in the Haywood trial, arrived here today from Pomona, California, to confer with Attorney Edward Crough, local representative of the federation regarding the case of the alleged dynamiters John and James McNamara and Ortie McManigal. He came on instructions from Chas. H. Meyer, president of the Federation of Miners.

Hilton, who lives in Denver, the headquarters of the Western Federation, was at his winter home at Pomona, a nearby town, when he received a telegram from Meyer last night.

"The message simply instructed me to come to Los Angeles and investigate the case," he said. "On arriving here I found another message asking me to confer with Mr. Crough, the local representative of the federation. I can say nothing further regarding the case at this time."

Mr. Hilton has been chief counsel for the Western Federation of Miners for ten years, and took part in the defense of Meyer, Haywood and Pettibone in the Stoenberg dynamiting case at Boise, Idaho.

"The Western Federation of Miners and the Iron Workers' Association," he added, "have no connection except the fellowship of union men."

"Meyer, through my experience what is ahead of McNamara and McManigal, and a fellow feeling probably prompted him to do something in his power and the power of his organization to help them."

### Denver Attorney May Help Defend Alleged Dynamiters

POMONA, Cal., April 25.—O. H. Hilton, a Denver attorney, who spends his winters in this city, today received several telegrams from President Ryan of the International Bridge and Structural Iron Workers Association, the contents of which were not divulged, but which presumably sought to retain him for the defense of the McNamara brothers and McManigal, alleged dynamiters. Hilton took the train today for Los Angeles, announcing that he would not return for two or three days.

### Ford's Arrest an Absurdity, Declares District Attorney

LOS ANGELES, April 25.—District Attorney Fredericks of Los Angeles today declared the arrest of Ford as an absurdity.

There is no other reason when medicine is so much needed as in the spring. The blood is impure and impoverished—a condition indicated by pimples, boils, and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength.

## THE HERPICIDE GIRL KNOWS

While shopping the most annoying thing for me is to have someone try to sell me something "just as good" when I ask for Newbro's Herpicide. To be sure there are not many druggists who do this, but what few there are should know that such a policy will destroy the customer's confidence. When they try it on me I never wait for the story, simply hunt a store where they will sell me what I want.

It is absurd for anyone to say that a preparation is as good as Herpicide. I don't think they believe it themselves. Every druggist knows that there is but one genuine, original dandruff germ destroyer and that is Newbro's Herpicide.

It keeps the scalp free from dandruff, prevents the hair from coming out and stops itching of the scalp. Herpicide is really a wonderful remedy which does just what you want and expect it to do.

The reliable bottles are guaranteed. Sold by all druggists. Applications at good barber shops.

county, when informed of the arrest of Assistant District Attorney Ford in Indianapolis on a charge of kidnapping, said:

"The arrest of Ford is an absurdity and nothing can come of it except a little delay. He is not an arresting officer anyway. He went to Indianapolis to collect evidence and to see that the papers in the cases were all right."

"The extradition papers under which the prisoners are being brought to Los Angeles were duly executed and signed by the Governor of the state of Indiana. There can be no flaw in the case so far as that is concerned, and as to the arrest and removal from Indianapolis, Ford had nothing to do with it. He will take care of himself all right."

### Labor Is Not on Defensive, Avers Mayor McCarthy

SAN FRANCISCO, April 25.—Mayor F. H. McCarthy has given out the following statement concerning the developments in the Los Angeles Times explosion:

"Organized labor is not in any sense of the word upon the defensive in connection with the report from the east bearing upon the regrettable dynamiting of the Times building in Los Angeles some months ago."

"Labor is primarily and fundamentally interested in hunting down and stamping out lawbreakers and the enemies of peace and good order."

"Organized labor was the first to denounce the dynamiting outrage in Los Angeles, and to offer a reward for the conviction of those who planned it, if, indeed, the catastrophe was found to be the work of human hands."

"Labor represents the vast majority of the people who toil and who, under the hopeful guarantee of our federal constitution, seek merely to live in peace and without hindrance in the legitimate pursuit of happiness."

"Labor relies for its success upon the fact that it strives to advance a righteous, humane and worthy cause."

"Sincere men in the labor movement are not lawbreakers, but to the contrary are men who strive constantly to vindicate the law and at the same time to uplift and improve the condition of men and women who toil for a living."

"Organized labor will proceed hand in hand with every worthy citizen of this state and will go to the furthest extreme in behalf of law and order."

### CHARGE CONSPIRACY.

Edward Anderson, treasurer Sailors' Union of the Pacific, says:

"It looks to me as if the employers were determined to make trades unionists responsible for the Los Angeles Times disaster. I have no faith in the charges that these men named by Burns are conspirators. I want to see the proof before I will believe the statements of the detectives and agents of the employers."

E. B. Rosenthal, vice-president of the San Francisco Labor council, made this statement:

"These charges have all the earmarks of a frame-up. It is very strange that the officials of the Structural Iron Workers, who had no controversy in Los Angeles, should blow up the Los Angeles Times building. It looks to me like a conspiracy which is intended to have a bearing on the political campaign this fall and also to discredit organized labor."

E. Steidle, financial secretary Marine Cooks and Stewards' Association of the Pacific coast, declared:

"The mere fact that Detective Burns is making these investigations makes me believe that it is a put-up job. I want to see something tangible before I believe McNamara and the other accused men are guilty. It looks like the old story—when there is a strike the employers try to fasten crimes on the union men to discredit them."

### NOONAN HAS FAITH.

M. J. Noonan, organizer Journeymen Tailors' International union, says:

"I do not believe there is any foundation for these charges against McNamara and his associates. I believe these charges will turn out like the charges against the officials of the Western Federation of Miners. The merchants and manufacturers of Los Angeles are behind these charges. The sympathy on the coast is with the unions of Los Angeles and this is a move to change the sentiment against organized labor. We are not afraid of investigation. We have no fear that the results of investigation will prove these charges are baseless and false."

A. Condrotte, business agent Bartenders' Union, said:

"I am like a 'frame-up' by the employers of Los Angeles. The merchants and manufacturers wished someone arrested to make a showing and gain public sympathy. I do not believe the charges against the officials of the Structural Iron Workers' organization. Time will prove this story is a frame-up."

### SEYMOUR IS NOT ASKED TO AID IN DYNAMITING CASE

SAN FRANCISCO, April 25.—Chief of Police Sweeney of San Francisco has not received any request for assistance in the dynamite investigation, either from Los Angeles or the eastern cities that have been the center of attention. It is supposed that the detectives who made the discovery of the suit case containing evidence would be summoned and will participate in the trial at Los Angeles. If any grand jury warrants are to be served in San Francisco on other points around the bay they have not been entrusted to the local police department.

### Owner of Launch Expects to Be Called to Los Angeles

ALAMEDA, April 25.—Howard Baxter of this city, who, with A. D. Burrows of Oakland, owned the launch in which the accused Los Angeles Times dynamiters moved the explosives from the Giant Powder Works, expects to go South to assist in the identification of the suspects. Baxter has received no word from the Los Angeles police, and is awaiting developments in the case. He will be called upon to identify James W. McNamara as Bryce.

ALAMEDA, April 25.—J. R. McDonald, a brakeman on the McCloud River railway, was killed last night near McCloud. The hand brake failing to work, he turned on the air, checking the car so suddenly that he was thrown under the wheels. His family lives in Fruitvale.

EL PASO, April 25.—Mail advices to the Herald from Farral tell of the outbreak of a National railroad strike between Rosario and Calhoun stations by two bandits. The conductor received a warning signal from the engineer in time to have the passengers hide their valuables and the bandits obtained little.

One man had \$800, another \$5000 and another had bullion worth \$2500, all of which they saved.

## ELECTRIC TRAINS TO RUN JUNE 10

S. P. to Have Nine But 'Natty' Looking Conductors and Motormen.

Southern Pacific officials have announced that the electric railroad service from the Alameda mole to Oakland and Alameda will be inaugurated probably on June 10. Most of the cars for the service have arrived from the east. It will require 125 cars, each having a seating capacity for 116 people. There will be six or seven cars to a train, each having double platforms to permit quick loading and unloading.

At the Alameda mole the company will install a clothes-dressing establishment for the free use of conductors and motormen. It is the idea of the officials to give the men every opportunity to look neat. Boothblack stands and a large barber shop will also be placed on the mole, of which the men can avail themselves for a nominal charge.

A. C. Bradley, who will be train master of the electric service, is in the east making a personal inspection of the manner in which up-to-date electric trains are operated in and out of the suburbs around Chicago, St. Louis, Philadelphia and other large eastern cities.

Within the year the officials hope to have all of the local lines in Oakland and Berkeley operated by electricity, with the exception of the First street line in Oakland. That line will be changed later on. Vice-President and General Manager E. E. Calvin of the Southern Pacific has announced the presence of the new electric service at the annual meeting of the Kern Trading & Oil Company in place of E. T. Dumble, resigned. The latter will continue as consulting geologist for the company on this coast and devote some of his time to the oil interests of the company in Texas and Mexico.

## SURVEY STEAMER EXPLORER GOES ON DOCK

Vessel to Leave for Work in the North After Repairs Are Made.

KEY ROUTE FERRY TO BE OVERHAULED

Score of Boats Anchor in the Harbor, Unloading Varied Lot of Cargoes.

The United States geodetic survey steamer Explorer, was placed on drydock at the Pacific shipyards and ways this morning, having been taken to the Moore & Scott yards where there was not sufficient room for it, owing to the rush of work at that yard.

The Explorer, Captain Rhodes, with a crew of 30 men and seven officers, including the captain, is being repaired for work in the Behring sea, about May 1, when the repairs upon it are completed. Geodetic survey work will be carried on during the summer months, the vessel returning sometime in September.

The Key Route ferry boat Claremont went on drydock at Moore & Scott's yesterday for overhauling. The steamer Daisy, Captain Smith, tied up at Adams wharf yesterday with 150,000 feet of spruce for the Oakland Box factory. It came from Gray's harbor and reported fair weather.

The following vessels are at the United Engineering Works for repairs: Steamer Nehalem, steamer Saginaw and steamer Daisy Mitchell. The Nehalem is on the ways and the carpenter work is being done. D. J. Egan & Company, shipbuilders. The latter concern is carrying out work for the Steamer company, and today placed the mud scow No. 4 on the ways.

The lumber schooner Fairhaven left 90,000 feet of lumber at the Pacific shipyards and ways for the completion of the new wharf the company is constructing for facilitating the handling of vessels taken to the yard for repairs.

The baseball team composed of the employees of the Pacific shipyards, which class Sunday afternoon when it bested the marine electrician's team, 5 to 4. The game was played on the ball ground at Eighteenth and Wood streets in the presence of an interested gathering. The game was spirited throughout.

The following vessels docked at Long wharf yesterday: Steamer Klamath, Captain Jensen, from Gror, 1,000,000 shingles.

Orella, Captain Weber, from Bureka, with 30,000 feet of lumber and 200,000 shingles. Steamer Touque, Captain Sels, from Bureka, with 20,000 feet of lumber and 400,000 shingles.

Steamer Ravalli, Captain Nelson, from Bureka, with 40,000 feet of lumber. The Marshall, Captain Ahlin, from Union Landing, with 40,000 feet of lumber.

Steamer Queen, Captain Riley, left a mixed cargo and loaded freight for the north.

The St. Helena unloaded a quantity of rails.

## SPEEDING STREET CAR INJURES MAN

Driver of Wagon Is Knocked From Seat and Has Many Bones Broken.

SAN FRANCISCO, April 25.—Thrown from his wagon in the crash of a collision at Twenty-third and Valencia streets at 8 o'clock this morning, Dan Powers, an advertiser, was seriously injured. Powers drives a wagon advertising the English Woolen Mills, and was coming out of the Black Hawk stables when a fast speeding Valencia street car struck the rear of his vehicle, hurled him to the pavement and smashed the wagon almost into kindling wood.

According to Powers' story, the motorman contented himself with pulling him off the track and then returning to his place, spent on toward the business center. The injured man was picked up and taken to the Mission Emergency Hospital, where Dr. O'Connor found that he had received a broken collar bone, a broken shoulder blade, and a half dozen fractured ribs, as well as internal injuries.

The police were notified and as the number of the car was obtained by bystanders, the motorman will be arrested.

## FREE LIST BILL IS UP IN HOUSE

Endless Debate in Sight Over Amendment to the Tariff.

WASHINGTON, April 25.—The tariff again holds the attention of Congress. It made its appearance today in the shape of the free list bill, which was called up just before adjournment yesterday and which threatens to lead to almost endless debate before it finally is passed along to the Senate.

Leaders on both sides of the House force long days of talk ahead. That the measure will pass is generally conceded, but it will not command the heavy toll of Republican votes given to the Canadian reciprocity measure.

Amendments already are beginning to pour in and efforts are being made by free trade Democrats to enlarge the scope of the measure.

While the Senate was not in session today interest centered in the executive session of the Republican committee on commerce, which is trying to heal the difference over committee assignments between the regular and progressive members of the party in that body. Chairman Gallinger hoped today that he could report the assignments Thursday.

Shopmen Allege Discrimination Is Shown Against Union Men.

PHILADELPHIA, April 25.—Representing the shopmen employed by the Pennsylvania Railroad Company, a committee today called on C. E. Long, general manager of the company, and laid before him a list of grievances. One of them, it is said, is that union workmen in the shops are being discriminated against.

It is not believed that the result of the meeting will be made known until the committee makes its report to the shopmen.

## LATEST NEWS FROM OUTSIDE TOWNS

### HAYWARD VIEWED BY MANY VISITORS

It Pays to Advertise, According to Members of Chamber of Commerce.

HAYWARD, April 25.—The system of advertising, such as has been drawn up by members of the Hayward chamber of commerce, has been meeting with great success on every side and visitors have been traveling from far and wide to take advantage of the sunshine and beautiful walks afforded by the good roads and open plains. Within a week the committee in charge of the advertising section of the chamber expects to have its maps showing the location of Hayward, relative to other cities of the eastern section of the county. It is making preparations to circulate them all over the state.

The get-together spirit has aroused the residents of the town, and a gigantic meeting of the chamber of commerce has been ordered for some night next week when many new members will be enrolled on the books.

SAID TO HAVE LEFT WIFE 8 DAYS AFTER WEDDING

William and Rachael Vestal lived together only eight days after their marriage, according to the wife's complaint for a divorce upon which she was granted an interlocutory decree late yesterday afternoon. Vestal deserted his wife the first day of the second week of their married life, the testimony showed, and when the court asked Mrs. Vestal why, her only answer was, "Show me, judge; for my life, I can't tell."

AFTER GRIP Look Out for Trouble.

The after-effects of the Grip are apt to be serious, but a normal healthy condition may be restored in a surprisingly short time by Vinol.

Watertown, Wis.—"After a severe attack of the Grip my system was in a very weakened, nervous and run-down condition. I began taking Vinol with the very best results and in a short time I began to feel like an entirely different person, and am better and stronger than I have been for years." Adelinde Gamm. (We guarantee this testimonial to be genuine.)

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down as Vinol, and we ask people in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim for it. ### NILES GIRL TELLS OF ENGAGEMENT

Miss Dale Hudson to Be Bride of Walter Allen Newman.

NILES, April 25.—At a quiet dinner party held Sunday afternoon at the home of Miss Dale Hudson, the popular young woman announced her engagement to Walter Allen Newman of San Francisco. The announcement comes as a surprise, and she was made the center of a group of admiring friends who were profuse in their congratulations.

Miss Hudson is the daughter of Mr. and Mrs. G. H. Hudson and has lived the greater part of her life in Niles, where she has been prominent in social and musical life. Newman is a member of the board of fire underwriters of San Francisco and a member of the Dwight club of Berkeley.

The wedding date has been set for August and after a short tour of the Puget sound cities they will return to Berkeley where they will reside.

OCEAN SHORE ROAD BEHIND IN TAXES

SACRAMENTO, April 25.—Of the 23 or more railroads operating within the state but one, the Ocean Shore road, has permitted its taxes for 1910 to become delinquent to the amount of \$1,368.42. Of the others, most had paid their taxes last week, but the remaining eight made the payments to the state treasury yesterday, swelling the resources some \$63,000. This brings the total for the second installment well past the million mark, and the total amount of taxes paid by the railroads for the year to \$2,181,857.13.

U. S. BANK TO HAVE \$100,000,000 CAPITAL

WASHINGTON, April 25.—The United States National Bank of America, to be established in the District of Columbia with \$100,000,000 capital, is provided for in a bill introduced by Representative Farnes of New York. One hundred thousand shares of stock at \$10,000 each, are proposed. Three-fifths of the stock will be purchased by the United States with the proceeds of \$60,000,000 worth of government bonds, and two-fifths shall be taken by the national banks of the country.

### STATE STOCKMEN TO HOLD MEETING

The Protective Association to Gather in Livermore Early in May.

LIVERMORE, April 25.—Stockmen from all parts of the state are gathering at Livermore to be present at the annual meeting of the Stockmen's Protective association, which will be held in the Sweeney opera house on the first Sunday in May. At this meeting the officers for the ensuing year will be elected and the laws for this year will be revised.

One of the most important discussions will be one of the best preventatives for fires in the ranges, which have been causing much havoc and a loss of a great many dollars. Many of the large stockmen have been forced to give up the raising of sheep for this reason on account of the lack of grazing ground caused by these fires.

At the present the men are in a better position to fight the flames than they ever have been before, having formed a school in which the fire-fighters have been taught the best way to go about their work. The sum of \$5000, which has been gathered in the past two years will be of a great benefit to them.

### RICHMOND HOLDS PRIMARY ELECTION

Six Nominees in City Council Selected Will Contest for Three Vacancies.

RICHMOND, April 25.—Three members of the present city council, together with an independent, a Socialist and a Union Labor man, were nominated as candidates for the city council in the general election to be held on May 8, in the primary election held in this city. A very light vote was cast, only 833 votes being polled out of a registration of 1700.

The nominees are E. J. Garrard (independent), 493; O. R. Ludwig (independent), 423; Homer Wyatt (independent), 392; Homer Wyatt (independent), 185; J. Dahl (Socialist), 131; M. N. Blakenish (Union Labor), 173.

SAN FRANCISCO, April 25.—The supervisors have passed the ordinance providing that moving picture auditoriums must be lighted during exhibitions.

Chairman Pugh of the public utilities committee, introduced an ordinance formally granting the Southern Pacific Company a franchise for its proposed freight yard extension.

## Heartburn! DID YOU SAY? Then you really need Hostetter's Stomach Bitters.

It tones the stomach, aids digestion, prevents after eating distress.

Don't suffer any longer. Take home a bottle today and be able to enjoy your meals.

It is also excellent for Malaria, Fever and Ague.

## WOULD ELIMINATE THE BULL WITTED

Professor Davenport Believes Segregation and Deportation Will Do It.

NEW YORK, April 25.—If all feeble-minded immigrants were deported and all native feeble-minded children were segregated, every institution devoted to the care, with one or two unimportant exceptions, would be unneeded within the next thirty years, in the opinion of Professor C. R. Davenport, director of the Carnegie station for experimental evolution.

Professor Davenport voiced his views today before a committee of state charities and association.

## CRISIS AT HAND IN SQUABBLE OVER PLACES

Insurgent and Regular Senators Both Want the Best Positions.

NO ONE IS PLEASED WITH PRESENT SLATE

Personnel of Committees and Their Chairmanships Cause of Trouble.

WASHINGTON, April 25.—The crisis in the fight between regular and insurgent senators over places on the standing committees is expected to come late today. Through Senator La Follette the insurgents have filed their demands and the committee on committees has taken it up.

The insurgent list has not been made public, but it is known that, although Senator La Follette was conceded by the regulars a place on the finance committee, the insurgents insisted that Senator Cummins also should be named; that the regulars were willing to give Senator La Follette a place on appropriations, but that he demanded instead a place on the interstate commerce, of which Senator Clapp is to be chairman, and Senator Bourne a member. That Senator Bourne has been given the chairmanship of the Postoffice committee and Senator Bristol a place on the same committee, but Senator Bourne demanded to go on appropriations also. These places and the vacancies on foreign relations, judiciary and privileges and elections are making most of the trouble.

The regular republicans plan to take three places on the finance committee. Senator Penrose is to be promoted to chairman, while the new members are to be Heyburn, Clark of Wyoming, who is to retire from foreign relations, and Gallinger. Senator Warren will be chairman of appropriations and Smoot is to be made a member. Senator Cummins is given foreign relations by the regular slate, but he wants judiciary instead.

Senator Smith of Michigan is slated for chairman of territories, and Senator Sutherland for chairman of public buildings and grounds. Heyburn, the ranking member of the latter committee, retaining manufacturing.

## 'NOBODY KNOWS,' DECLARES CLARK

Speaker of House Is Uncertain How Long Congress Will Be in Session.

WASHINGTON, April 25.—Speaker Clark does not agree with Senator Root that congress is likely to adjourn by June 1. At the White House today, where, he said, he had talked "neighborhood gossip" with Tatt, Clark declared that nobody in the world knew how long congress would be here.

"I know as much about it as Senator Root and he knows as much about it as I do," said Clark. "I have attended two special sessions of congress called to revise the tariff, which lasted into August. There you are."

## FIRST-TIMERS TO HAVE A CHANCE

California's New Reformatory Will Instill Better Living in Offenders.

SACRAMENTO, April 25.—California will have a state reformatory for criminals between the ages of 16 and 30 years as soon as a commission, of which Governor Johnson and Lieutenant-Governor Wallace and three others are members select the site. This was made possible today when the governing signed Assembly bill No. 200, providing for the establishment of a reformatory institution at a cost of \$150,000 and to be constructed by prisoners held in either of the two state penitentiaries.

It is provided in the measure that any person convicted for the first time of a felony may be sentenced to confinement in the state reformatory, when in the opinion of the committing magistrate such person is capable of being reformed.

## Former Classmate Of Hadley in Court

Thomas P. Wickes Arraigned On Charge of Passing Worthless Checks.

Thomas P. Wickes, former New York divorce attorney, erstwhile prisoner at Blackwell's Island, and at one time classmate at Yale University of President Hadley, was arraigned before Judge Samuels this morning on a charge of uttering worthless paper and his preliminary examination set for Saturday morning.

Judge A. L. Trick, who is defending the attorney, says the case will be but a short one. It is charged that he gave Gustave Mann a check for money when he was without funds in the bank. No bond has been furnished, and he remains in the city prison.

## WILSON MURDER TRIAL RESUMED THIS MORNING

SAN FRANCISCO, April 25.—The trial of John Walter Wilson, who stands accused of murdering Henry Boas by means of poisoned medicine, was resumed today before Judge Sewall of Santa Rosa. Martin Boas, brother of the dead man, testified to a conversation with Wilson relative to the latter's claim that he was a partner in the Penman Electric Company. A letter written by Boas to a man in San Jose was shown to the witness, who had not heard of it before, but who admitted that the handwriting was his brother's.

## LADIES' RELIEF SOCIETY TO GIVE GARDEN FETE ON MAY 6

MRS. FRANK F. WESTON, one of the directors of the Ladies' Relief Society, who will take part in the annual fete to be given May 6 in the old Foster place, Webster and Orchard streets.

The garden fete to be given by the Ladies' Relief Society, May 6 in the Old Foster place, known as the Bred and Bancroft block, corner Webster and Orchard street, promises to be the social event of the season. Young matrons, society leaders and debutantes will assist in the various booths and concessions. On that occasion many of the most attractive girls of the exclusive set will devote themselves to charity's cause. No effort will be spared in making the fete one of the most elaborate in the history of the society, which reached its fortieth year of existence last December. The Mosswood mark fete held last year netted \$861.95 to the Relief society. This year it is believed that the sum will be doubled.

A card party, to be held in the palatial Foster home, will be one of the most fascinating features of the day. The games will be in charge of Mrs. Henry M. Bull, who will be assisted by a corps of vivacious young women, who will act as scorers. Accommodations are being made for hundreds of society folk, devotees of the whist game and lovers of cards for the afternoon diversion. The spacious parlors of the Foster home will be thrown open and merit and good fellowship will prevail throughout the day.

The residence has been one of the show places of this city for years. The relics and paintings in the various apartments of the house have been admired by artists of international fame. Many of the most elaborate functions ever conducted on this side of the bay were held in the Foster home.

The booths will be located in the picturesque grounds, which contain trees of every description, beds of roses and choice flowers. The concessions will be divided as follows: Fish pond, Mrs. William G. Henshaw; ice cream, Mrs. Frank F. Weston; fancy work, Miss Helen Campbell; tea table, Mrs. Frank Greenwood; aprons, Mrs. H. S. Korman; home-made candy, Miss Louise de Fremery; lemonade, Mrs. Henry M. Bull; fortune-telling, Mrs. Harry East Miller; peanuts, Mrs. Ghirardelli; and pony carts, Miss Elva McGraw.

Miss Matilda Brown, president of the Ladies' Relief Society, and director of the fete, has announced that the grounds will accommodate 1,000 people. She has made an appeal for co-operation in the fete, which will be one of the notable events of the season. There is need for funds with which to carry on the splendid work of the institution, which cares for the aged women, children of all nationalities and creeds and also babies.

Last year there were 49 admissions to the home. Twenty-one were Americans and 18 foreigners, including two Chinese; five were half foreign; the nationality of the others is unknown. There were 14 half orphans and 32 children whose parents were both living. Three were wards of the State Home Society. Twenty-eight aged women were sheltered and provided for by the home during the past year.

The executive committee of the Federation of Mothers' Clubs held a meeting yesterday at the Washington school, when the committee decided upon a luncheon to be given on or about May 15 at Ebell Hall in honor of the State President of the Federated Mothers' Clubs, Mrs. A. L. Hamilton of Los Angeles and Mrs. C. C. Modle, who are now delegates at the national convention being held in Washington, D. C.

The speakers at the luncheon will be Assemblyman F. M. Smith and Superintendent of Schools J. W. McClymonds. The two guests will also give short talks in their capacity of delegates.

Members of the executive committee present at yesterday's meeting were Mrs. Thomas Seabury, president of the committee; vice-presidents, Mrs. F. M. Brackdura, Mrs. J. W. Dowell and Mrs. M. C. Lane; recording secretary, Mrs. C. R. Reilly; corresponding secretary, Mrs. W. E. Staley, and historian, Mrs. Eleanor Carls.

The warrant will probably be served this afternoon, but Hall will undoubtedly appear again tonight the leading role of "The Aviator," in which Miss Izetta Jewel is also starring.

## DOCTOR OPERATES ON HIS DAUGHTER

S. H. Buteau Called on to Meet Emergency That Is an Ordeal.

Because none of his associates in the surgical profession was in the city on last Sunday, Dr. S. H. Buteau of 1052 Telegraph avenue, was forced in an emergency to perform an operation for appendicitis upon his 15-year-old daughter, Alice Buteau, who was suddenly stricken.

Her condition gradually grew worse and rather than take chances the father decided to handle the knife himself with the result that his daughter is now out of danger and on the road to recovery.

"It was one of the emergencies that a physician and surgeon is often called upon to meet," said Dr. Buteau today, "and while it was rather in the nature of an ordeal for a father, it was necessary that something be done."

The surgeon whom the doctor had intended calling in on the case was absent in Los Angeles. The operation was performed in the afternoon when all possibility of their reaching Oakland in time had been precluded.

This side of the bay were held in the Foster home.

## ARTIST PLEADS GUILTY TO THEFT

Wm. A. Treffenberg Expected to Seek Release on Probation.

William A. Treffenberg, a miniature artist who was arrested Saturday on a charge of petty larceny, pleaded guilty to the offense before Judge Mortimer Smith this morning. The date of sentence was set for April 26, but it is probable that before that time the man will have asked for probation, and his case will be under investigation by the probation officials.

Treffenberg, who was a friend of William Keith, and who had received his training in Europe and was well known in the East, was driven by poverty and weakness induced by drug using to petty thievery to gain money upon which to live. He had taken rooms at the Teddy House in Franklin street, but was almost without friends and in destitute circumstances. He stole a safety razor and other articles of small value from Osgood's and other drug stores in Oakland.

## BAR OFFICIALS FROM DUNNING

County Employees No Longer Can Act for Collection Agencies.

SACRAMENTO, April 25.—Signing Assembly bill 353 today, Governor Johnson put a stop to county and town officials acting as collection agents for private concerns and also put the clamps on these officers acting as attorneys or advisors. The bill provides as follows:

Sheriffs, clerks and constables and their deputies are prohibited from practicing law or acting as attorneys or counselors at law, or as collectors or for any collection agency in the counties, where they reside and hold office, or from having as a partner a lawyer, or any one who acts as such, and no county officer, or his deputy except district attorneys and treasurers, shall be eligible to the office of notary public or perform the duties of the same.

OTHER BILLS SIGNED.

Among other bills signed was: Assembly bill 119, which will put a stop to orphanages or private societies placing children in improper homes, and also make a repetition of placing white children in homes of Orientals impossible. Senate bill 1227, relating to the use of the same street or track by two lines of street railway.

Assembly bill 1287, an act validating a transaction between the state and Sacramento county in the transfer of certain property for use as state grounds.

A. B. 136, relating to the distribution of the estates of deceased persons.

S. B. 384, relating to opening streets or alleys through cemeteries.

A. B. 717, authorizing unincorporated benevolent and fraternal societies to purchase, receive or manage real estate without incorporating.

A. B. 740, providing that in cases where corporations have failed to pay their taxes, they may become reinstated by coming up to certain requirements.

Assembly bill 760 relating to the duties of county officers.

## SUBWAY TO WAIT ON MAY ELECTION

Supervisor Kelley to Make an Initial Move on Project After Campaign.

Supervisor Kelley said today that the board of supervisors of this county will take no action in moving for the construction of the subway under the harbor and Webster street until after election, May 9.

This tunnel is to connect the cities of Oakland and Alameda and enable rapid transit between the two places which is impossible at the present time because of the swinging of the draw bridge over the channel for the passage of vessels.

There is now before the board of supervisors a request from the subway commission composed of representatives of organizations in both Alameda and Oakland that three civil engineers be appointed to make the necessary surveys for the determination of the cost of the work and the character of the soil through which the improvement would have to be pushed, but Supervisor Kelley is of the opinion that that work ought to devolve upon the present engineer of the county, who is an expert in his business.

## BURGLAR ENTERS REALTY OFFICE

The Intruder Frightened Away Before He Has Chance to Loot Place.

Burglars broke a window of the Realty Bond and Finance company's office at 1244 Broadway last night but the marauders were apparently frightened away before they could loot the safe or attack the desks in the office in a search for valuables. The attempted burglary was reported to the police this morning by George Rogers.

An attempt at burglary was made last night at the residence of John McHugh, 1322 Eighth street. The attempt was made shortly after 8 o'clock, the thief starting to crawl through a window which had been left open at the rear of the house. The burglar was seen by McHugh, whose screams called her husband and at the same time frightened away the thief.

Mrs. T. L. Hamill of 1121 Santa Fe avenue reported to a neighbor this morning that while shopping at a local department store, a thief stole a small purse from her satchel, obtaining some keys and \$7.10 in coin.

R. A. French of 4402 Franklin street, reports the theft from his room of a Swiss watch valued at \$20.

## NOT PARTICULAR ABOUT HER GRAVE

Wife Says Hubby Said That Potters' Field Was Good Enough for Her.

Nothing with growing alarm and anxiety her husband's improvidence, George Rowland took out some fraternal insurance which provided for a burial fund. When, however, she asked George Rowland for money with which to pay the dues he bluntly replied that a grave in the potter's field would be good enough for her when she passed on.

This is the gist of Mrs. Rowland's complaint for a divorce, filed yesterday afternoon in the superior court. Rowland sued for a decree on the ground of desertion, and his wife charged extreme cruelty. She also alleged that Rowland beat her on numerous occasions, kicked and cursed her about without any provocation and was extremely brutal towards her in many other ways.

## 'MILLIONAIRE FRESHMAN' WILL BE SEEN ON STAGE CAMPUS

MISS MARIE NICHOLAS and FRANK M. FLYNN, who will take part in benefit performance.

MISS MARIE NICHOLAS and FRANK M. FLYNN, who will take part in benefit performance.

The members of Oakland council, No. 6, Young Men's Institute, are making great preparations for their presentation of "The Millionaire Freshman," a comedy in three acts to be presented tomorrow evening at St. Anthony's hall, Sixteenth avenue and East Sixteenth streets, East Oakland.

The many parts of the play have been assigned to the members of the company and rehearsals have been held regularly for the past month under the able direction of State Managers Alex. Walters and Joseph L. Curran. New clubrooms will be opened by this council on May 1 at Maple hall and the proceeds of the performance will be used to defray the expenses.

During the action of the play some of the latest song successes will be rendered by Miss Elizabeth Besson and Frank M. Flynn and between the acts Ray Larkey will give tenor solos.

HOW THEY WILL PLAY.

The cast is as follows:

The characters—John Worden, Piccolotto; Jerome, Bugs Stevens, Owl Griggs, Tiny McGrath, Professor Locke, Horace, St. Vitus, Mary Locke, Judith, Miss Porter, Violet.

The players—Lawrence G. O'Connell, Frank M. Flynn, James R. Doling, Steve Art C. Cronin, Fred A. Cullin, Anthony D. Gervais, Frank M. Ryken, Joseph L. Curran, Miss Laura Besson, Miss Elizabeth Besson, Miss Marguerite Hoenisch, Miss Marie Nicholas.

The scenes—Time, present; place, University of California. Act 1, the campus; act 2, Professor Locke's garden; act 3, the study.

## THUGS BEAT MAN ON OWN DOORSTEP

The Victim Is Left Unconscious After Being Robbed of Money and Watch.

SAN FRANCISCO, April 25.—Beaten down on his own doorstep by a pair of thugs whom he encountered lurking in the shadows as he was entering the house early this morning, Gregorio Piccolotto, of 1748 Stockton street, was rendered unconscious and lay in a dazed condition for several hours until discovered by a roomer in the house.

Piccolotto, with no thought of danger, was putting his latchkey in the lock when he was assaulted from behind, struck repeatedly over the head, and robbed of \$7.50 and his watch. He remembers nothing more until the lodger found him and summoned a neighboring physician, who dressed his injuries, consisting of several lacerated wounds of the scalp. Later a report of the affair was made to the police.

## Battle Will Be Bitter For Henry Children

Divorced Wife of Seattle Banker Plans Campaign to Regain Them.

SAN FRANCISCO, April 25.—Tomorrow morning, before the supreme court, Mrs. Ivy May Henry will begin a desperate battle to gain the custody of the two minor children awarded to her husband by the Seattle court.

She will appear on a writ of habeas corpus applied for by her attorneys, and an effort will be made to stay the proceedings before Judge Morgan which were recently clouded by reason of the contempt accusations.

James W. Cockrane and S. Foster Kelley were this morning released from the county jail, having served their terms for contempt.

## NO TRIAL IN CRIMINAL COURT UNTIL MONDAY

There is no case set for trial in the criminal department of the superior court until next Monday morning when that of the people against Joseph Buzzoni, accused of embezzlement, will be called. In the interim Judge Henry C. Gesford of Napa county will sit on the bench daily in the forenoon to dispose of any other criminal matters that may need judicial attention.

## OAKLAND BOOSTED IN SOUTHLAND

Much Publicity Attained by the Lectures at Los Angeles Land Show.

The amount of publicity Oakland and Alameda county are deriving from the exhibit maintained in Los Angeles at the Land Show by the Alameda County Association is seen in figures compiled by Harry A. Lane, who is representing the commission at the Los Angeles Chamber of Commerce, where the show is being held. Some idea of the extent of the work being carried on by the organization is shown in the March report made by Lane to the directors of the commission. The total attendance at the lectures delivered on the resources of Alameda county was 2525, the average daily attendance being 135. Other figures given by Lane are as follows: Number of visitors to the Chamber of Commerce, 23,820; average daily attendance, 886; pieces of literature distributed on floor, 685; special requests for literature mailed, 82; total literature mailed, 209; total literature distributed during the month, 888; number of Alameda county visitors, 21.

The officers of the county commission are Theodore Gler, president; B. F. Miller, vice-president; Wilber Walker, secretary. At Los Angeles Lane delivers the daily lectures, which are illustrated with stereoscopic views of this vicinity.

MANY PAY VISITS.

Following is a list of the visitors during March from Alameda county: W. R. Knapp, Berkeley; I. W. Sinclair, Oakland; H. A. Herring, Oakland; B. F. Barton, Oakland; Mrs. S. L. Klamet and son, Oakland; Mrs. A. J. Jones and daughter, Oakland; D. W. Williams, Oakland; W. H. Brigham, Oakland; A. O. Donogh, Berkeley; A. G. Blomberg, Oakland; W. L. Beedle, Berkeley; Mrs. K. J. Sterling, Berkeley; J. M. Gammill, Oakland; Mrs. L. E. Lavett, Berkeley; G. G. Durrell, Berkeley.

## COL. GOETHALS TO TELL OF CANAL

Congressman Knowland Secures Eminent Engineer for Oakland Lecture.

At a regular meeting of the Board of Directors of the Chamber of Commerce this morning a communication was received from Congressman Joseph R. Knowland asking if the local Chamber would arrange for a lecture to be given here in the near future by Col. George W. Goethals of the Panama Canal Commission, on the canal.

It was decided to appoint a committee of three to arrange for the lecture, which will be an important one, and will be held in the hall at Chabot observatory, where stereoscopic slides may be used.

On the recommendation of the Chamber has arranged to take part in the flower festival to be given in Berkeley shortly. It was also announced that plans were being perfected for "Chamber of Commerce Week," to take place before June, probably the last week in May. This week will be set aside for the increase in membership of the local organization. Additional efforts are to be made for the advertisement of Oakland abroad, laying stress on the merits of the city as a summer resort with exceptional summer climate and advantageous summer rates. The Chamber is also planning to make particular mention of the greatly improved hotel accommodations to be had here, dwelling on this feature in advertisements sent abroad.

## MAYOR MOTT TO SPEAK AT REPUBLICAN CLUB

The old Third Ward Republican club will hold a regular meeting tomorrow night at Lawlor hall, Seventh and Peralta streets. Among the speakers will be Mayor Frank K. Mott, Edwin Meese, William J. Bacus, Frederick C. Turner, John Forrest, Supervisor John Mullins, John B. McKelman, Senator Edward J. Tyrrell, George E. Gross and Councilman M. Bronner. Additional efforts are to be made for the advertisement of Oakland abroad, laying stress on the merits of the city as a summer resort with exceptional summer climate and advantageous summer rates. The Chamber is also planning to make particular mention of the greatly improved hotel accommodations to be had here, dwelling on this feature in advertisements sent abroad.

## CHRISTIAN SCIENCE VISITING JURIST IS HIS SUBJECT ON LOCAL BENCH

Willis F. Gross of Boston Heard  
in Lecture by 2000  
Oaklanders.

Judge Gesford of Napa County  
Assists Judiciary of the  
Superior Court.

Two thousand people crowded the Macdonough Theater last evening, and hundreds of others were turned away, when Willis F. Gross of Boston delivered a lecture on "Christian Science, the Gospel of Salvation." Gross, who is a member of the Board of Lectureship of the First Church of Christ, Scientist, in Boston, proved himself well qualified to handle the subject which is at present occupying such a strong position in the public thought. The same lecture will be delivered tonight in Eagles' Hall, Fruitvale, under the auspices of Third Church of Christ, Scientist.

### EAGERLY WELCOMED.

The lecturer was introduced by John A. Sands, the well known attorney, who said:

"To those of us who have read and studied Science and Health, the privilege of listening to one who has had larger opportunities for study and demonstration is eagerly welcomed."

Mr. Gross has been for many years engaged in Christian Science work and study and is a lecturer possessing clarity of view and forceful expression. With the growth of Christian Science, demonstration supersedes blind unreasoning belief; knowledge, based upon fact, is succeeding belief and theory.

"One of the greatest benefits conferred upon the world by the publication of Science and Health was the discovery of the fact that Jesus worked by scientific method and that such method could be imparted to students of Christian Science. And so the present world-wide movement is ever spreading, and the sphere of its influence widening because its conclusions are logically deduced from facts."

### SEEK INFORMATION.

The lecturer said, in part: "There are no longer satisfied with that conception of God which gives merely a reasonable assurance of a heaven beyond the grave to those who are found worthy. They know that God is a present help in every time of need, if it is possible thus to know Him. They are asking for present proof that they are solving life's problems aright and have not labored in vain."

There is no mystery in Christian Science, save the mystery which ensnareds everything which is not understood. Christian Science can be understood, and when it is understood, it brings healing to the sick, cures sorrowing hearts, and strength and courage in the hour of trial and temptation.

### FOUNDER OF RELIGION.

"The humble Nazarene was the founder of the Christian religion. His teachings, and the many wonderful works which demonstrated the truth of his teachings, have been the outgrowth of his understanding of God and man. The power to heal the sick, cast out devils and raise the dead was the divinely natural result of this understanding. His mission was to make plain the way of salvation from all evil. There is a divine remedy for every disease, and when the Master's teachings are understood, the one effectual remedy will be found available."

"It is sometimes said that the immediate disciples of Christ were divine, favored persons whose privilege it was to enjoy the many blessings that Christians of the twentieth century may not be able to see. The failure to see the connection between the Master's teachings and the healing works accomplished by him, and his disciples, has limited man's possibilities and greatly retarded the progress of Christianity."

### STRONG POINTS.

"The strong point urged by Christian Science is that the power to heal sickness and destroy sin which was exercised by the disciples, was the natural result of understanding what they had been taught. If they had not understood, at least in part, the Master's teachings and in some degree attained the spiritual consciousness of being, they could not have demonstrated the power of truth and love."

"One of the essential elements of the Christian religion was early lost sight of and for centuries the healing of sickness through faith was considered no longer possible or necessary. To say that the healing works accomplished by Jesus and his disciples were only necessary to prove that the long promised Messiah had appeared among men in fulfillment of prophecy, is to present a view of the Christian religion as a mere superstition. Salvation, as Jesus taught and demonstrated it, is a present salvation from all that is unlike God."

### LACK OF PERCEPTION.

"It was the lack of spiritual perception which caused mortals to consider it the very natural and proper thing to turn to drugs and other material remedies for healing. The almost universal blindness of the human mind to the fact that these material means have failed, or it was apparent that they would do so, that mortals have turned to their extremity to God. It was the failure of material remedies that led to the discovery of Christian Science."

"Science and Health with Key to the Scriptures" is the only text-book on Christian Science. It was written by Mrs. Eddy and first published in 1875. In this book the author has presented in a clear, logical manner the divine principle of Christian Science and the rules for the application thereof. It was never intended that this book should take the place of the Bible and it has never been regarded by Christian Scientists as a substitute in any sense of the word. It is as its title indicates, the key to the Scriptures. It unlocks this treasure house of divine wisdom and makes practical the teachings of the sacred word."

### BASIS OF SCIENCE.

"The basis of Christian Science is the first commandment: 'Thou shalt have no other gods before me.' The Master declared that on this word and one other, namely, 'Thou shalt love thy neighbor as thyself,' hang all the law and the prophets. Mortals have served other gods because they have entertained false views of the one God. Christian Science imparts the true idea of the Supreme Being and thereby increases one's faith in God and gives him added power over evil."

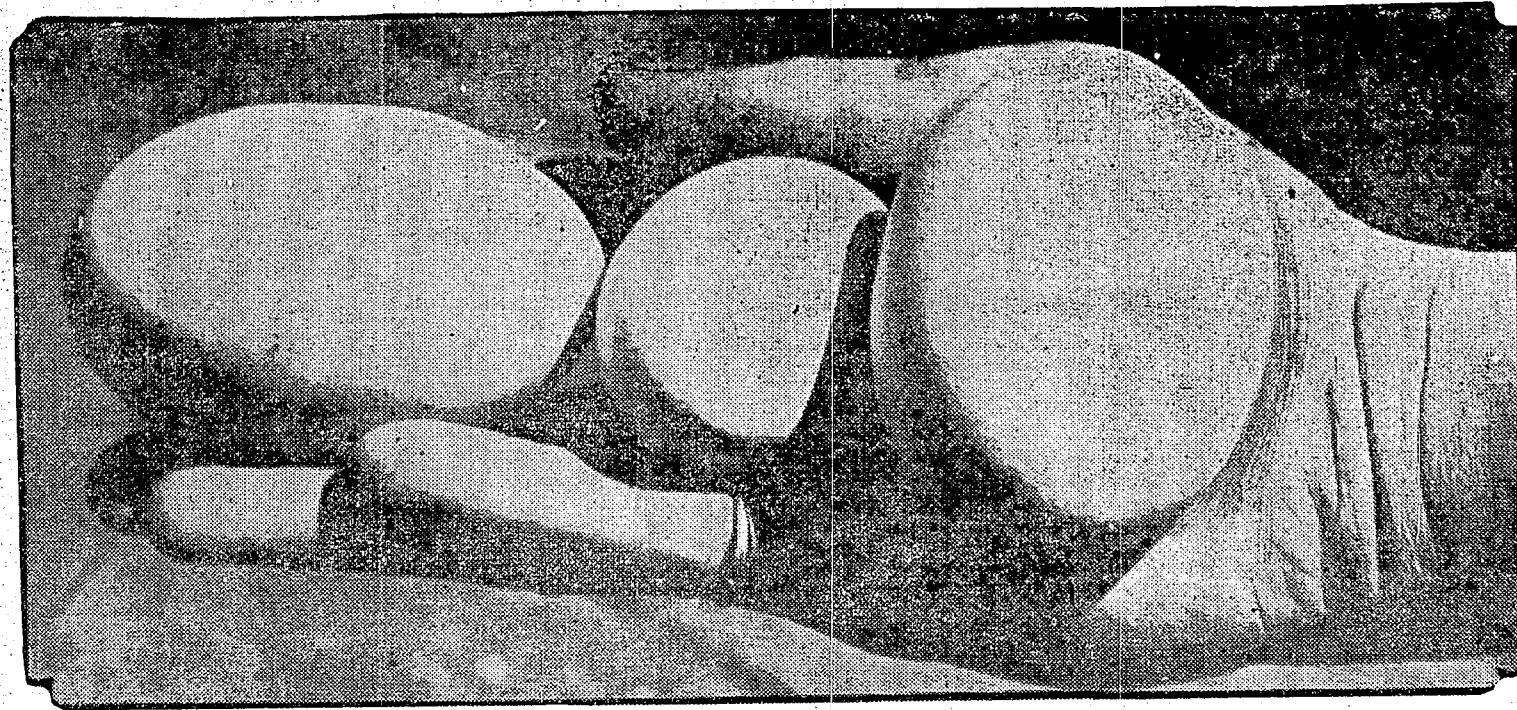

"Christian Science imparts the idea of God which is at once demonstrable and in harmony with humanity's highest and purest conception of being. God is not the loving Father for Fatherhood is to the days of old. His love for humanity and His tender care for all no longer seem too good to be true, because God is becoming understood, and His ever-present presence is a demonstrable fact. To those who have approached God in fear and trembling, not knowing in whom they have believed, Christian Science says, as did Paul to the Athenians, 'Whom therefore we ignorantly worship, Him declare I unto you.'"

### CORRECTS FALSITIES.

"Christian Science not only corrects the false beliefs or misconceptions of the true nature and character of God, but it also shows that mortals have a very wrong conception of God's creation. This Science teaches that God is the one infinite good and that which He creates could not be less than good. Neither could it possibly have any inclination or tendency toward evil. God is Spirit, that is, He creates that which is spiritual. His teaching is very definite that God created man in His own image and likeness. The mortal concept of man is no more correct than the mortal concept of God."

"The line of demarcation between man, God's image and likeness, and the mortal, material sense of man is sharply drawn in Christian Science and this is by Christian Science is found so effective in destroying sin and healing sickness. When it is declared that man is neither sinner nor invalid, it is God's

## OAKLAND CLAIMS BARNYARD HONORS

This City Promises to Be Serious Rival to Petaluma and Others.

A little hen that lays a big egg, an ordinary looking fowl at that, is the latest thing in the Oakland chicken world. They are all good, and of excitement abroad owing to the discovery that this city is giving Petaluma a close run for the honor of first place in California as an egg-producing community.

This hen which lays the record eggs is a yellow leghorn owned by Mrs. Clifford Swope, of 1268 Webster street. Within two days it laid two eggs each weighing a fraction under one-quarter of a pound and measuring six and seven-eighths of an inch in circumference and eight and one-eighth of an inch in length. The fowl is a pet of the family. It is known by the neighbors as "the Swope hen" and one of the constant anxieties of the devoted family is to herd it off the street when a street car is coming that its life may not be sacrificed. At sundown the neighborhood is explored to find the hen that it may be safely cooped for the night.

### "BILLY" ARLINGTON, OLD-TIME MINSTREL, HERE

"Billy" Arlington is a guest at the Hotel St. Mark. Although advanced in years, he is still remembered as one of the most entertaining negro minstrel one of the many "Bilbies" of nearly two generations ago. He was a genial fun-maker, headed successful burnt-cork combinations, and with them traveled in all parts of this country. Arlington is no longer in the business of making people giggle or guffaw, though he cannot forget what he was in the olden days, because, as he signs his name on the hotel register, he appends to it the words "ex-minstrel," a fact which causes the reader of a couple of generations ago to express gratification that the entertainer of his childhood is still alive and active. Arlington is residing in Los Angeles, but will remain here for a month.

### FOUND GUILTY OF CITY ORDINANCE VIOLATION

On the complaint of Electrical Inspector P. Anderson, who is making an effort to stamp out the practice of doing electrical work without a city permit and without the formality of having the work inspected by E. Eldridge, an electrician, was tried before Judge Samuels this morning and found guilty of violating the city ordinance. The man has recently come to this city from Los Angeles, but was notified of the city law in the matter and refused to comply with the ordinance.

### NOTED ARTIST TO DISCUSS FAIR SITE

SAN FRANCISCO, April 25.—Charles W. Leavitt, a noted landscape artist of New York, will be the guest at luncheon tomorrow of W. H. Crocker, president of the Crocker National Art Association, at the Hotel St. Francis. The artist will discuss the Panama Exposition company. All of the members of the executive committee of the 1915 fair have been invited to meet Leavitt, and some suggestions are expected from him in connection with the exposition project as well as his views on the important matter of the site.

### MISSING CAPITALIST IS LOCATED BY SON

BERKELEY, April 25.—Robert Thompson, the aged capitalist, who has been missing from his lodgings, 2406 Milvia street, for nearly a week, has been found by his son-in-law, Edward A. Stevenson, of 1514 Milvia street. The aged man was located in San Francisco. He has not given an explanation of his wandering, according to Stevenson.

Stevenson, who has been reported today to the local police, who have been searching for him.

Image and likeness that is referred to, sin and sickness belong not to man, but to the false concept of man. In proportion as the true sense of man's being is gained, the false sense and all that belongs thereto, is put off.

### EVIL IS RAMPANT.

"From a human point of view, evil is manifest on every hand. The sin, sickness, discord and suffering of mortal existence cannot be ignored. These evils must be destroyed, for so long as they seem to exist mortals will be in bondage thereto. The question arises, Shall evil be dealt with as reality, or shall it be overcome on the basis of its unreality? The material sense of evil is the evidence of the reality of evil and this evidence of the reality of evil is the only ailment of good. What have mortals ever gained? What can they ever hope to gain by acknowledging evil's claim to reality and power?"

"Christian Science teaches that sickness is no more the reality of man's being than sin is and that the same power that destroys sin, destroys sickness as well. Sin is not part of divine mind, neither does it belong to the true consciousness of being. Sin is the manifestation of mortal mind, or the carnal mind, as Paul terms it. Mortal mind is not a mind, for in reality there is but one Mind and this Mind is infinite. Mortal mind signifies the belief of a mind apart from God. Sickness is no more supported by the divine mind than sin is. When the thought of sin is destroyed in mortal mind, sin does not find expression in word or deed, likewise when the image and fear of disease is destroyed in human consciousness, disease will not appear on the body."

### ETERNAL TRUTH.

"The Apostle James recorded an eternal truth when he wrote 'The prayer of faith shall save the sick.' The prayer of faith is the prayer of spiritual understanding, and this prayer is the most effectual remedy. This prayer is not an importunity; it is not beseeching God to do something He has not done, or might not do. If He were not influenced by human desire, rather is it the knowing, or realization of what God is, and what He has already done, for all mankind. The prayer of spiritual understanding brings man into harmony with the divine mind, that is, in the degree that the law of God reigns in human consciousness, the sense of sickness and suffering, as well as the sense of sin, disappears. Man is made every whit whole through obedience to divine law. Christian Science imparts a more correct thought of God and consequently a truer sense of His purpose and motive. It prays for increase of man's faith in good and it is found that prayer becomes more effectual. The purpose of prayer is not to inform or influence God, but to bring humanity into accord with the divine Principle of all that really exists. What God knows is true, what He does is good, and what He wills is inevitable. What, then, is mortal man that he should seek to change or influence God? The effectual, fervent prayer of a righteous man availeth much because it is in harmony with the unchanging law of God."

### DAME NATURE HINTS

When the Food Is Not Sued.

When Nature gives her signal that something is wrong it is generally with the food; the old Dame is always faithful and one should act at once.

To put off the change is to risk that which may be irreparable. An Arizona man says: "For years I could not safely eat any breakfast. I tried all kinds of breakfast foods, but they were all soft, starchy messes, which gave me distressing headaches. I drank strong coffee, to which appeared to benefit me at the time, but added to the headaches afterwards. Toast and coffee were no better. For I found the toast very constipating."

"A friend persuaded me to quit coffee and the starchy breakfast foods and use Postum and Grape-Nuts instead. I shall never regret taking his advice."

"The change they have worked in me is wonderful. I now have no more of the distressing sensations in my stomach after eating, and I never have any headaches. I have gained 12 pounds in weight and feel better in every way. Grape-Nuts make a delicious as well as a nutritious dish, and I find that Postum is easily digested and never produces dyspepsia symptoms."

Name given by Postum Co., Battle Creek, Mich. Get the little book, "The Road to Wellville," in pkgs. "There's a reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

### BRIGHT LIGHTS TO BURN IN RESORT AFTER 1 A. M.

SAN FRANCISCO, April 25.—There will be one resort along the ocean boulevard where the bright lights of the night life may burn after 1 a. m. as the result of a decision rendered today by Police Judge Treadwell.

Charles Mullen and Charles Mitchell, proprietors of the M. & M. saloon, were arrested for violating the order of the police commission relative to playing music after 1 a. m. They contended that as they conducted a hotel in conjunction with their resort they were entitled to play the band or trip the light fantastic whenever they desired. The court was of the same view and the case was dismissed.

### 350 TO SING OLD SONGS OF BRITAIN

In honor of the coronation of King George, the lodges of the Sons of St. George of Oakland, Alameda and San Francisco will celebrate with a literary and musical program in Snellmound park, June 22. One of the features of the day will be the singing of old songs of England, Ireland, Scotland and Wales by 350 mixed voices under the direction of Prof. J. W. McKenzie.

Rehearsals will commence next Monday evening in this city and Tuesday evenings in San Francisco.

### MISS CLARA STRATTON OF SAN LEANDRO DIES

SAN LEANDRO, April 25.—Miss Clara Louise Stratton died yesterday morning at the county infirmary. She was the daughter of Walter J. and the late Ellen Stratton, sister of Mrs. John King of San Jose, Mrs. M. J. Fraters of San Leandro, Mrs. Frank Chase of West Berkeley, and Misses Laura and Myrtle Stratton of San Leandro. She was a native of San Leandro, aged 49 years. The funeral will be held Wednesday at 10 a. m. from the family residence, 215 Davis street, where the services will be held. The interment will be in the family plot in San Lorenzo cemetery, Jackson park.

### SOLONS TO FIND SITE FOR FIELD MUSEUM

SPRINGFIELD, Ill., April 25.—An enabling act which has for its purpose the location of the Field museum in Jackson park was introduced in both houses today and because of its importance was advanced to second reading in each house without reference. Under the act of two years ago a free site for the Field museum was provided on the submerged shallows in front of Grant park. It is now proposed to redevote this land to the state when the bill is passed, authorizing the location in family plot in San Lorenzo cemetery, Jackson park.

## Irrational Pure Food Law Ruling.

The Agricultural Department has made an extraordinary ruling on citrus fruits shipped long distances to market, by condemning such fruit as "adulterated," because to insure its delivery in a saleable condition it must be picked when not fully ripened and is ripened artificially in transit, and artificial ripening produces chemical results different from those produced by the natural process. The department holds that when oranges are picked green they are deficient in sugar and have an excess of acid and that artificial ripening does not produce any relative change in these elements; that when the fruit ripens on the tree the percentage of sugar is increased and that of acid diminished, thus reversing their relative proportions. The department finds that the chemical change produced in the fruit by artificial ripening is a proscribed adulteration in the meaning of this clause of the pure food law—"if it be mixed, colored, powdered, coated or stained in a manner whereby damage or inferiority is concealed."

If this interpretation of the pure food law is sound and enforced, it will practically shut out all long-distance markets to California fresh fruits of every description, for all fruits shipped to eastern markets are picked green and ripened artificially in transit. No practical way has yet been discovered where decomposition can be arrested in naturally ripened fruit while in transit to distant markets so as to assure its delivery in perfect condition.

The whole question of fruit shipping to eastern markets has been thoroughly studied by California horticulturists, and the most effective methods of picking, packing and transportation adopted. In the case of other fruits, as well as oranges, their delivery in prime condition in remote markets depends upon the picking and packing occurring before nature has begun to ripen the fruit and on artificial ripening taking place in transit. The system has built up the fame of all California fruits in the eastern markets. There never has been a valid complaint lodged against it.

If the ruling of the Agricultural Department is valid against California citrus fruits, it must apply to all deciduous fruits shipped to eastern markets with equal force and also to all importations to the United States of citrus and other tropical fruits from abroad. Neither the Madeira Islands nor the Azores can ship to eastern markets naturally-ripened oranges. Not a banana or a pineapple could be imported from Hawaii Territory, the Society Islands or any other archipelago in the tropics if green-picking and artificial ripening in transit were prohibited. The Agricultural Department should use common sense in its rulings. If the pure food laws prohibit the employment of common sense in their interpretation, they should be revised without delay. A long-established industry and trade cannot be allowed to be put in jeopardy by an irrational department ruling.

In its own 1915 exposition plans, San Diego is taking time by the forelock and its exposition managers are making more rapid progress in the preliminaries than the executive committee of the Panama-Pacific International Exposition of 1915 across the bay is doing. The San Diego committees have decided to hold a groundbreaking celebration there in the latter part of July and the railroad companies have agreed upon a schedule of reduced passenger rates for the event covering all parts of Southern California. The projectors of the San Diego exposition have not, however, encountered any of the difficulties besetting the Panama-Pacific executive committee. The selection of a site for its exposition was easily settled at San Diego. At San Francisco it is the most difficult of the problems the exposition committee is called upon to solve. Conflicting interests are active. The area of the site must be unusually large, easy of access, provided with ample street railway service and susceptible of the highest type of landscape adornment, into which the most imposing and attractive architectural designs can be made to fit harmoniously. The committee is showing wisdom in proceeding slowly in the selection of the site. It cannot afford to run the risk of making a mistake, hence it is taking expert evidence on the subject from all sections competing for preference.

## Patching the State Constitution.

The State Constitution, which was adopted in 1879, has been much more seriously mutilated than was the first organic instrument adopted in 1849 which it displaced. Including the amendments adopted at the last general election, sixty changes have been made to the constitution. In many instances the original purpose of its framers has been completely altered. Many articles have been nearly wholly amended. At every session of the State legislature the tinkers of the constitution are busy.

At the last session of the legislature there were 105 proposed amendments submitted in the two houses. Some of them were never taken off the file and died unhonored and unmourned save, possibly, by their introducers. Twenty-three of the list offered passed, however, both the Assembly and the Senate, and these the to be voted on by the people at a special election to be held on October 10. As these amendments are to be placed on the ballot with no designation or explanation of their purpose, except the briefest abridgement of their titles, it will be necessary for every voter in the State to carefully read and study the text of each one when officially printed so as to acquire an intelligent idea of what they mean. But should these amendments carry, they will make twenty-three new rents in the much torn and tattered instrument, which has been already amended so often that it is scarcely recognizable by any of its surviving framers.

## Militarism in Germany.

While Great Britain and the United States have been arranging an arbitration treaty which is approved by most of the great powers of the Old World, as giving an assurance of world-wide peace, and while the dove-of-peace is preparing to settle on Mexican soil and restore order to that country and remove anxiety from Washington and the necessity for holding over twenty thousand troops on a war footing on the Mexican frontier, Kaiser William III, who never seems satisfied unless he is carrying a chip on his shoulder, is preparing to make a display of Germany's military strength during the field maneuvers this summer. His plans are entirely out of harmony with the trend of the times among the greater nations of the earth in favor of universal peace.

Emperor William will call out approximately one million men to participate in the maneuvers. Of these 622,000 are regulars and 355,000 are reservists. Both forces constitute the flower of the manhood of the empire. The regulars are non-producers, but constitute a tremendous drain upon the resources of the country, the burden of which falls upon the producers. The great military show will be, however, much more expensive to the country than it would be if confined to the regulars alone. The calling out of the reservists compels 355,000 able-bodied men to abandon their peace-

ful and productive occupations, doubling the burden of taxation for the time on those who are disqualified through old age or immaturity from performing military service, and apparently for no other purpose than to make a display of military strength for the intimidation of neighboring nations. It is no wonder that socialism finds congenial soil on German territory.

It is a noteworthy fact that Germany has stood aloof and almost alone from approving or participating in the arbitration movement for the settlement of international disputes without resort to war. It is equally noticeable at the present time that the only chancellor in Europe which has failed to commend President Taft's patient treatment of Mexico under the trying situation which the revolution has created along the border is the German. Berlin sneers at the situation. Had the same conditions existed anywhere on the German border in any of the neighboring States, Kaiser William would doubtless have promptly moved that million men he is going to display in military array during the summer across the border and availed himself of the opportunity to seize more territory. Nearly all other nations, save Germany, are learning that it is better to cultivate the arts of peace than those of war, and that is why so many of them have already indicated a desire to join the American-British arbitration alliance. Militarism has grown rank in the German empire.

"Raisin day" falls this year on next Sunday. Every Californian is expected then to show his loyalty to his State and to the prosperity of one of its great industries by eating raisins in some form on that day. The Southern Pacific Company has followed its usual custom in sending out circulars broadcast advertising the event and boosting the industry of raisin-making. California raisin makers are now supplying practically the whole country with the product of the industry.

## BAITING A PASTOR

Englishmen used to be taught that Americans excelled in curiosity, but the Rev. Dr. Jowett, who is a recent arrival in New York, seems not to have learned that lesson. While he has preached only one or two sermons here, he has been overwhelmed with invitations to functions of all kinds, and he cannot account for it.

In due time the doctor will discover that this is a pleasing American way of getting acquainted with a distinguished stranger. There is a desire to see him and to hear him. It would be possible to satisfy this craving, perhaps, by attending the Fifth Avenue Presbyterian Church, but that might involve pew rent and a scriptural dissertation. The delightful New York custom is to give a dinner or hold a special session of a society, and to persuade the guest of honor to make trouble for himself by discussing the subject with which he is least familiar.

Dr. Jowett's decision to confine his utterances to the church will gratify his

congregation, no doubt, but it will be a severe blow to an important element which is intent upon amusement and often finds it in baiting the preachers. Most of these invitations are devices to put the newcomer upon exhibition in strange places and to encourage him to say things that may give him more notoriety than he can ever gain in the pulpit.

We are sorry for the dinner-givers and the lion-hunters. They are not to know Dr. Jowett's opinion of Murphy, or his conclusions as to the exorcise law, or his theory as to the suppression of vice. He will not rip Mayor Gaynor up the back. He has no plan to reorganize the police establishment. He will not wipe Consey Island off the map, and he is not yet sufficiently acclimated to know much about Sunday baseball. He comes to New York to preach the Gospel, and our ingenious fellow citizens will have to meet him on his own ground or look elsewhere for diversion.—New York World.

## TIN PLATE INDUSTRY

From information supplied by the bureau of statistics it appears that during the first eight months of the fiscal year 1911 both the tin imports and the tin plate exports of the United States exceeded all previous records for a similar period. The total imports of pig tin, of which England and the Straits Settlements are the chief sources of supply, amounted in the eight months ending with February, 1911, to 68,000,000 pounds (compared with 68,500,000 pounds in the same months of the preceding fiscal year), valued at \$23,500,000, and will probably approximate in value \$35,000,000 for the full fiscal year. The exports of tin and tin plate in the eight elapsed months of the current fiscal year aggregated 24,250,000 pounds (in contrast to 15,000,000 pounds in the corresponding period of 1910), valued at \$380,000, and the total exportation for the complete fiscal year is estimated at \$1,333,000. The production of tin and tin plate

in the United States in the calendar year 1909, the latest for which statistics are available, was 1,371,000,000 pounds, the largest total for any year in the history of American production, and as the importation of pig tin for use in this line of manufacture was larger in the calendar year 1910 than in 1909, and is also larger in the accumulated months of the fiscal year than in the same months of the fiscal year 1910, it may be assumed that the production of tin plate in the United States is still increasing.

Canada is the chief market for the tin plate exported to foreign countries, but large and growing shipments are now being made to Alaska and Hawaii for use in their canning industries. To Alaska the shipments have increased from 24,750,000 pounds in the calendar year 1909 to 30,000,000 pounds in 1910, and to Hawaii from 4,250,000 pounds to 7,333,000 pounds during the same period.—Commercial Report.

## MEN AND WOMEN

A typical old-time "circuit rider" died recently in Alabama—a man whose godly, unselfish life will long be remembered. Many were the eccentrics of this rugged old man, and many anecdotes are current among the Methodist ministers of the state concerning him. He was noted for two things—his denunciation of sin in no uncertain tones and the familiarity with which he addressed the Lord in prayer.

On one occasion he had been preaching in a log meeting house in the pine woods of north Alabama. There were several young fellows on hand who had been celebrating by patronizing a still hard by. After a long, fiery sermon, the preacher made a call for mourners, and soon the rude altar was filled mostly by the aforementioned young fellows. The old man looked them over for a moment, and with keen intuition felt that it was perhaps a "lark" on the boys' part but he knelt to pray.

Some charming water colors painted by

the Duke of Connaught's daughter, Princess Patricia, are being greatly admired at the Royal Amateur Art society's exhibition. The princess is one of the most talented artists in the royal family. In fact, she is an all-around clever girl—a good linguist, a fine musician and a noted sportswoman, being equally proficient in tennis, hockey, golf and horse riding. Her facility with the brush was not acquired without regular, arduous course of study, and she worked incessantly for a number of years at a private art school in London. Flowers are her favorite subjects, and a few years ago she exhibited at the New gallery a particularly charming picture of stocks, marigolds and heliotrope. As presents to her friends she often gives little flower paintings from her own brush.—London M. A. P.

An interesting feature in connection with this year's commencement at Salem college will be the presentation of a diploma of graduation to Mrs. R. L. McWhorter of Georgia, who finished her course at this institution sixty-three years ago. No diplomas were given at that time.

Mrs. McWhorter is one of the oldest, if not the oldest, of living Salem alumnæ, and is more than 80 years old. Her son, Judge Hamilton McWhorter of the Southern railway, is arranging to bring his mother in a special car to attend the commencement.—Winston Salem Dispatch.

## 20 YEARS AGO IN OAKLAND

At a regular meeting of the executive committee of the Associated Charities held yesterday, M. J. Keller, E. W. Playter and C. W. Wendte were appointed a special committee to take up matters with the trustees of the Home for Adult Blind.

Colonel Robinson still believes that he has a great aggregation of ball players in spite of the fact that the Oakland team was defeated by Sacramento yesterday to the tune of 5 to 0.

A very pleasant surprise party was given Mr. and Mrs. Grigging last evening by their children, Will, Arthur and Dora Grigging, at their home, 538 Eighteenth street, in celebration of their wedding.

The heart of the Oakland dude is desolate. He still parts his hair as near the middle as possible; still wears his "nobbiest clothes"; still has an air of gaiety and frivolity, but in solitude he sighs for a phalanx of Oakland's loveliest, liveliest and wittiest maidens departed for the Sandwich Islands on Tuesday's steamer.

The committee in charge of the arrangements for the eighth annual ball given by Company C in Simon's Hall Thursday evening were: Captain Henry Levy, Sergeant Geo. L. Yeger, Sergeant J. McCann, Corporal Charles Roebert, Private D. O'Herrick, Lieutenant Martin Ryan, Sergeant P. McBrien, Corporal Dan Kelly, Private J. J. Allen and Private Louis B. Wood.

The committee of arrangements for the annual ball given Tuesday night in Cavalry Hall by the Retail Clerks' Association was composed of the following: J. Davis, J. W. Flinigan, J. Lipman, E. R.

Samuels, P. J. Hyde, L. Hinman, G. Mayers, M. Smith, H. Cable, C. Weld, D. Fleming and F. J. Kohler.

Oakland is to be the racing center of the Pacific coast the coming summer and autumn under the auspices of the Oakland Jockey Club. On Saturday, May 15, the fun will begin and the feature race will be the Eli Denison stake for \$200, at a mile and a quart, the winner of the Thornton stakes in San Francisco to carry seven pounds extra.

Mrs. E. H. Garthwaite will transfer her residence to El Monada, Mexico, for a few weeks, there to remain for two years or more. Her husband left for the same place yesterday afternoon to accept a responsible position as mining superintendent.

Jacob S. Jones, of the firm of Jonas Brothers, arrived here last Monday from San Bernardino on a visit to his parents and friends.

The wedding of Miss Maye Kewen, daughter of the late E. J. Kewen, and sister of Colonel Perrie Kewen, and William T. Marvin, son of Hon. Edgar Marvin, United States consul at Victoria, B. C., and nephew of Senator Charles N. Felton, will take place Wednesday at Menlo Park.

## ITALIAN SLAIN WITH POLICE NEAR

Victim of Murder May Have Been a Member of Camorra.

CHICAGO, April 25.—An Italian murder took place last night almost in front of the Twenty-second street police station. The victim's identity has not been established. His slayer, who gave the name of James Baroni, was arrested.

In a note book found in the clothing of the slain man was the name "S. Covi, 501 Second avenue, Alhambra, Mich." A newspaper clipping containing an account of the Camorrist trial in Italy also was found among the articles in his possession. The finding of the clipping leads the police to believe that the murdered man was a member of the Camorra band or a sympathizer. In his pocket were found a loaded revolver of the magazine style and a stillie with a five-inch blade. Baroni told the police that the man and another Italian had held him up and robbed him of \$75 in the car which he fired three shots at them.

## AVENUE BUSINESS MEN TO GATHER

Lighting on San Pablo Will Be Discussed at the Meeting.

The Business Men's club of San Pablo avenue will hold their next business meeting this evening, at Rice Institute hall, Seventeenth and San Pablo avenue. The lighting committee has investigated several methods of lighting the avenue and will make a final report at the meeting. Secretary A. A. Denison of the Oakland Chamber of Commerce has been invited to address the club. Following the business meeting, the members of the club will hold an informal entertainment and smoker. The entertainment committee having the matter in charge is composed of Messrs. Ruben, Parker and Enders. The meeting is open to the public and those interested in the street lighting business in or near the avenue have been invited to attend.

## OPPOSE SECOND TERM FOR PANAMA PRESIDENT

PANAMA, April 25.—Persistent rumors that friends of President Arosemena were seeking his re-election have resulted in an open letter being addressed to the executive by prominent Liberals in which it is asserted that their party is strongly opposed to such a move. There appears to be an unanimous sentiment against the policy of a second term for a president and in view of this it is believed that the party of Arosemena will abandon their activity in his behalf.

## WESTERN PACIFIC ON COUNCIL CARPET

City Solons Would Know Why Rules and Regulations Are Violated.

MULHERN AND SNOOK APPEAR FOR COMPANY

Declare Corporation Has No Intention of Disregarding Oakland Laws.

The city council last night placed the Western Pacific Railway Company "on the carpet" with a sheaf of complaints and protests. The company had been cited to appear before the council to explain why the resolution directing the placing of watchmen at certain street crossings had not been complied with. The matter had been brought to the attention of the city legislature as the result of the accident in which Frank Manual met his death a few weeks ago at one of these crossings. Attorney Charles P. Snook appeared for the company. He said that the company was ready to explain all matters to the council.

## MULHERN EXPLAINS.

J. W. Mulhern, superintendent for the Western Pacific company, appeared before the council. He said:

"I am not prepared to make a detailed explanation tonight as I have had business away from Oakland, and I have not all the reports in my hands. "With respect to the particular crossing, concerning which the council has complained and at which the accident occurred, I wish to state that this is already being dealt with by a train approach which rings when a train approaches. "We have thus already made provision in this instance, and we would ask that we be given time to determine the necessity for the added requirements."

Councilman R. C. Voss declared that the bell does not work and that lives are endangered daily. Councilman Oliver Ellsworth asked why the resolutions passed by the council ordering that a flagman be placed at the crossing had not been complied with. Superintendent Mulhern stated that he was unaware such a resolution had been passed by the council.

## UNLOADING IN STREET.

Complaint was made by Councilman William J. Bacon because the Western Pacific company had been using the public streets in which to load and unload freight cars. He said: "I have been trying for the past eight months to get the company to discontinue loading and unloading hay cars in Third street. The company has no right to use the public street for such a purpose, and I protest against the practice. I think we should see that it is stopped." Superintendent Mulhern stated that this matter would be attended to. On the motion of Councilman Ellsworth the company was given a week to gather data to show cause why the matters complained of should not be obviated by drastic action.

## FIRE DRILL SAVES CHILDREN'S LIVES

Two Hundred Pupils March Out of Blazing Building in Safety.

GLACE BAY, N. S., April 25.—Two hundred school children marched in safety from the public school building at New Amsterdam while fire raged about them yesterday, according to a dispatch received here. The blaze started in the furnace room. The bell for the customary fire drill was sounded and the children marched out without the slightest panic, despite the reported advances of the flames. The building was completely destroyed and several residences adjoining were damaged.

## CAMORRIST TRIAL DELAYED BY JUROR

Illness of Man Calls Halt at the Viterbo Hearing Until Monday.

VITERBO, Italy, April 24.—The trial of the Camorrist has been adjourned until Monday because of the illness of a juror who had to appear when the session was to have resumed today. The man is said to be suffering from influenza. It is reported the trial may be transferred to some other city because of dissatisfaction on the part of the jury. Early in the proceedings the members petitioned the court for an increase in the fees allowed them, but no response to their request has been made. Accordingly, they are expected to be inclined to use obstructive measures. If one after the other is taken sick now no further progress can be made in the case.

## FIVE FIREMEN HURT WHEN LADDER BREAKS

SEATTLE, Wash., April 25.—Five firemen fighting a fire in the Elysian warehouse at 112 Railroad avenue south were injured last night when an 85 foot aerial ladder collapsed under their weight and threw them to the railroad tracks. The fire broke out in the top floor of the warehouse, a five story brick concrete building and was burning fiercely when the first firemen arrived. A string of freight cars prevented them from putting the aerial ladder directly against the building and it was stationed across the track and raised to its full height. Five firemen carrying two lines of hose, climbed the ladder. When the water was turned into the hose the strain was too great and the ladder buckled and collapsed, the men turning over several times in the air as they fell. The fire loss is estimated at \$75,000, fully covered by insurance.

## POSTPONE HEARING OF BAY SHORE APPLICATION

Question of Franchise on Shafter Avenue to Come Up May 8.

MANY IMPROVEMENTS ORDERED BY COUNCIL

Extension of Time Is Granted to Companies Doing Street Work.

At the meeting of the City Council held last night, the matter of hearing the application of the Bay Shore Railroad Company for a franchise from Fortieth street and Shafter avenue, along Shafter avenue, which had been set for last night, was postponed to May 8.

P. C. Black of the law firm of Reed, Black & Reed, appeared as attorney for the protestants against the franchise, and Charles Sacco as attorney for the railroad. The matter will be considered in the committee of the whole. On the recommendation of the street committee the following extensions of time and improvements were authorized by the council:

First. That extensions of time be granted for the following street work upon the following named streets, viz: Sidewalking Sixty-third street, between Telegraph avenue and Eading street; sidewalk Forty-third street, between Telegraph avenue and Grove street; sidewalk Lawton avenue, between Clifton and Hudson street; grade, curb and macadamize, etc. Fifty-ninth street, between College avenue and Ross street; paving Second street, between Broadway and Webster streets; repaving, curbing, etc. Twentieth street, between San Pablo avenue and Telegraph avenue; paving, etc. Franklin street, between First and Second, Second and Third, and Fourth and Fifth streets; paving, etc. Twenty-fourth street, between Telegraph avenue and Grove street; grading, curbing, etc. Fifty-ninth street, between Fremont street and the western boundary line of the city; grading Hopkins street, between Fruitvale avenue and Redwood road.

## STREET WORK ORDERED.

Second. That permission be granted to do street work as follows: To Oakland Paving Co., to grade, curb and macadamize, etc. Arlington avenue, between Park avenue and East Tenth street; to Piedmont Construction Co., to grade, curb and oil macadamize, etc. Monte Vista avenue, between Oakland avenue and Kingston avenue; to W. S. Farley to grade, curb and oil macadamize Twenty-second avenue, between East Sixteenth street and East Seventeenth street; to Hutchinson Co., to grade, curb and macadamize Fifty-second avenue, between East Ninth and East Tenth streets; to Hutchinson Co., to grade, curb and macadamize Lloyd avenue, between Fruitvale avenue and Merrill street; to Hutchinson Co., to grade, curb and macadamize East Tenth street, between Fifteenth avenue and Vine street; to Realty Syndicate, to sidewalk five feet in width, streets as shown on map of Fremont tract.

Third. That contract be awarded to Ransome-Crummey Co. for paving, etc. portion of Alice street, between lines 470 and 510 feet southerly from Nineteenth street.

Fourth. That plans and specifications and resolutions of intention be adopted for improving the following named streets: Sidewalking Fifty-eighth street from Telegraph avenue to Hermann street; sidewalk Shafter avenue from Moss avenue to Hudson street; sidewalk Thirtieth street from San Pablo avenue to Myrtle street; sidewalk East Twentieth street, from Twenty-second street to Twenty-third street; grade, curb and pave with asphalt Market street from Seventeenth street northerly and southerly; construct culverts in Congress avenue and Vicksburg avenue; grade, curb and oil macadamize Fourth avenue from East Fifteenth street to East Eighteenth street.

## ADOPT RESOLUTIONS.

Fifth. That resolutions of intention be adopted to change and re-establish grade on Fourteenth avenue, between Hopkins street and Thirty-seventh avenue.

Sixth. That resolutions be adopted fixing time to hear protest against grading, curbing and oil macadamizing, etc. Moss avenue from Myrtle street to a point 130 feet northwesterly.

Seventh. That deed of John G. McCullough of strip of land, of location and right of way for sewer be accepted, subject to approval of said deed by the City Attorney.

Eighth. That deed of the Realty Syndicate of lands for opening and extending of Thirty-eighth avenue be accepted.

Ninth. That bids for the construction of a sewer in East Twenty-fifth street and Twenty-first avenue be referred to the Council without recommendation.

## DATE OF 24-HOUR RACE POSTPONED

Nine Cars to Enter the Contest to Be Held at the Big Motordrome.

The date for the proposed 24-hour race on the Oakland motordrome has been changed from April 29 to a later date, probably May 6 or 7. The postponement was decided upon in order to insure the appearance of the National and Pope-Hartford cars. The National car, which came here last night, brought about this sudden change in plans. The entry of this car was desired, so also were the other two mentioned. A complete lighting system will be installed at the motordrome this week, which will cost approximately \$4000. Arc lights every 50 yards will be suspended over the half-mile saucer. The darkest night, with this system in working order, should be made as bright as day. The cars which will probably be seen in action in the 24-hour event are the Fiat, Ford-Hard, National, Buick 40, Cadillac, Cole, Vette, Maxwell and Ford.

## BEST FOR BISCUITS.

A prominent teacher in one of the Domestic Science schools in Mississippi writes that she is using Cottolene with excellent results. She says:

"For biscuits Cottolene is all that could be desired. The biscuits are light and flaky, with none of that disagreeable odor often found in foods shortened with lard. Cottolene is also an excellent medium for frying croquettes and doughnuts. It gives them a clean, crisp, brown crust."

Other noted experts, such as Mrs. Rorer and Marion Harland, have given similar testimony to the merits of Cottolene. It not only gives better results than lard but is much more wholesome and economical as well.

WRONG EXECUTIVE WAS ON THE WIRE

Cook Declares Hines Told Governor Deneen "Not to Stop at Anything."

THOUGHT HE WAS SPEAKING TO YATES

Lorimer Bribery Investigation at Springfield Develops a New Sensation.

SPRINGFIELD, Ill., April 25.—W. H. Cook, an official of the Virginia and Rainey Lake Lumber Company of Duluth, Minn., testifying today before the Helm committee which is investigating charges of bribery in connection with the election of William Lorimer to the United States Senate, admitted that he had held a conference with Edward Hines at the Grand Pacific Hotel in Chicago shortly before the election of Lorimer.

Cook testified that a Mr. Turrish, another lumber man from Duluth, was present.

"How are things going down at Washington?" Cook said Turrish asked Hines.

Cook said Hines answered: "Like hell."

NEEDED BETTER MAN.

Cook testified that Hines then said that he had decided that the lumber industry needed a better senator at Washington and that Lorimer had been settled on as the proper man to take care of the tariff on lumber.

Relating another conversation which he said took place at the Grand Pacific Hotel, May 25, 1908, Cook testified that he met Edward Hines by appointment arranged by Wiehe.

"Mr. Hines," said Cook, "was coming back from Washington that day. William O'Brien of Duluth was also with me in my room."

"During our talk the telephone rang; I answered it and the girl said: 'Here's Springfield; the Governor is on the wire.'"

HOPKINS BARRED.

"Hines said over the telephone that he had just left Senator Aldrich and President Tarr in Washington the night before and that they insisted that Senator Hopkins could not be returned to the Senate."

"Hines said over the telephone: 'It's all settled, Governor, I'll be down to Springfield on the next train with all the money that will be needed. Don't stop at anything.'"

Cook described a meeting with Edward Hines in the office of Attorney Alfred B. McCordie in the Rockery Building in Chicago.

"At this time," Cook testified, "Hines referred to the telephoning that had taken place in my room at the time the telephone girl said the Governor was on the line."

Cook said Hines got very excited when he had discovered that instead of talking to former Governor Yates at that time he had been connected by mistake with Governor Deneen at Springfield.

HINES INSISTED.

"Cook testified that Hines insisted that if this evidence became public a number of Minnesota and Illinois persons would be ruined."

"Hines demanded," said Cook, "that I (Eben) and I never mention the matter to anyone or repeat any part of the conversation under any circumstances."

Cook testified that he was aboard the Winnipeg flyer on the night of March 7 at which time William Burgess also was present.

Cook testified that Hines withdrew as president of the Virginia and Rainey Lake Lumber Company or suffer exposure in connection with the Lorimer matters were read.

DENEEN DENIES.

Governor Deneen issued a statement late today in which he emphatically declared that he had never held a long distance conversation with Edward Hines, such as was related by W. H. Cook on the witness stand before the senate private committee.

John M. Pfeiffer, former private secretary to Albert Hopkins, former senator, testified that former State Senator Geo. H. McCormick, ten days before Lorimer's election, said that he had been offered \$25,000 and he would vote for Lorimer for senator.

FERRY BOAT DRIFTS WITH ENGINE DISABLED

For nearly half an hour last evening the creek route ferryboat Garden City, Captain James McGraw, drifted helplessly in midstream, just outside of shipping about one mile off Howard street wharf.

An eccentric of the main engine bent and crippled the machinery seven minutes after the boat left the ferry pier on the 6 o'clock trip to Oakland.

The ferryboat was rapidly drifting to the Alameda mud flats when the machinery was temporarily repaired. The boat then proceeded to the estuary shipyard as where it will be repaired in time to resume service today. There were but few passengers on board at the time.

The board of directors of the chamber of commerce at their regular meeting this morning were appealed to by Walter G. Sachs, representing the California Motor Car Company, for indorsement in the company's efforts to establish a large automobile manufacturing plant for automobiles in East Oakland.

This company is composed largely of local capitalists who have secured an option on land near the California Cotton mill in East Oakland and who are the local chamber will after due investigation of their bona fide intentions to establish a plant here, did them so far as is possible to secure capital for the enterprise. The company has already moved \$100,000 subscribed for the scheme, and needs only about \$75,000 more to start the plant, which would be the only large automobile manufacturing plant on the coast.

The directors of the chamber on motion referred the request for indorsement to the manufacturers' and producers' committee to investigate.

LOS ANGELES, April 25.—The Pacific coast convention of the American Institute of Electrical Engineers opened here today with delegates from all important cities of the western slope in attendance. Technical discussion, reading of papers and execution of business will take up a part of the time of the delegates each day until Friday, when the convention will be officially closed.

The program of the visiting electrodians also includes trips to the several large steam and hydro-electric plants in southern California.

A theater party will be given at Ye Liberty theater on April 28 under the auspices of the senior class of the John C. Fremont high school. The money received will be used to pay \$100 due on the bust of General Fremont.

The Fremont bust will cost \$800, and is being modeled by Miss Gertrude Boyle Kano at the home of Joaquin Miller, where she lives.

Between the five acts of the play, "Hamlet," given by Richard Hotelling and the Bishop players, musical numbers will be given by prominent performers. Among them are Mme. Puerrari-Marrache, a former prima donna of renown; Carlo Ricardo Bencarnaco, a basso, and the only exponent of the school of bel canto on the Pacific coast; Mlle. Clarice Galaski, a dramatic soprano, and Miss Hilma A. Buttlar, a well-known dramatic reader.

STREETS ARE TO BE KEPT CLEANER

Assurance to That End Has Been Received by Chamber of Commerce.

That Oakland's streets will be kept in better condition during the coming months was the assurance received by the board of directors of the chamber of commerce at their meeting this morning. This was contained in a letter to the body from Walter C. Howe, street commissioner.

President H. C. Capwell of the chamber of commerce, interviewed the street commissioner a short time ago, in an effort to see if they could not arrange for cleaner streets in the downtown district. In reply Commissioner Howe set forth three features of the proposed treatment.

Broadway, Washington, Clay and other main streets will be flushed on Monday and Friday of each week.

Downtown streets will be swept with sanitary street cleaners on each day of the week.

Regular crews of "pick-up" men will be employed on the streets, as is the custom now, during the day.

This will be the course of procedure during May and June when the new budget is made up on July 1 efforts will be made to make conditions even better. In the meantime Howe asks the co-operation of the chamber in an effort to raise additional funds for street work.

CHAMBER OF COMMERCE ASKED TO AID CALIFORNIA MOTOR COMPANY.

The board of directors of the chamber of commerce at their regular meeting this morning were appealed to by Walter G. Sachs, representing the California Motor Car Company, for indorsement in the company's efforts to establish a large automobile manufacturing plant for automobiles in East Oakland.

This company is composed largely of local capitalists who have secured an option on land near the California Cotton mill in East Oakland and who are the local chamber will after due investigation of their bona fide intentions to establish a plant here, did them so far as is possible to secure capital for the enterprise. The company has already moved \$100,000 subscribed for the scheme, and needs only about \$75,000 more to start the plant, which would be the only large automobile manufacturing plant on the coast.

The directors of the chamber on motion referred the request for indorsement to the manufacturers' and producers' committee to investigate.

LOS ANGELES, April 25.—The Pacific coast convention of the American Institute of Electrical Engineers opened here today with delegates from all important cities of the western slope in attendance. Technical discussion, reading of papers and execution of business will take up a part of the time of the delegates each day until Friday, when the convention will be officially closed.

The program of the visiting electrodians also includes trips to the several large steam and hydro-electric plants in southern California.

STEAL NINE CHAIRS.

BERKELEY, April 25.—Commissioner of Public Health and Safety C. Hoff today reported to the police the theft of nine chairs from polling places at Shattuck and University avenues, and at Shattuck avenue and Dwight way, on the evenings of April 21 and 22.

MRS. CARLISLE'S VOTE INCREASED BY FIVE

BERKELEY, April 25.—The city council today ordered the expenditure of \$146 for a fire net for life saving purposes.

The council canvassed the returns of Saturday's election, the only change in the semi-official count being the addition of five votes for Mrs. Elmer Carlisle, making the total 2346.

The council received two deeds to land from the Cragmont Land Company, donations for the extension of Euclid avenue north.

LOS ANGELES, April 25.—The will contest brought in the estate of Ida Hyde Hodgdon, which involved \$193,000, was dismissed by Judge Graham this morning, who granted a motion for a non-suit. At the time of her death Mrs. Hodgdon left her entire estate to her husband, Herbert, seven sisters and two brothers, including Samuel Crooks, Mrs. California Newton, and Mrs. M. B. Moore, few, contested on the claim that undue influence had been exerted. The court held that there was insufficient proof in the matter.

HYDE TO BE RELEASED ON BOND, SAYS LAWYER

KANSAS CITY, Mo., April 25.—Dr. B. C. Hyde, awaiting his second trial for the murder of Col. Thomas H. Swope, will be released on bond when the circuit court opens tomorrow. This statement was made emphatically today by John M. Cleary, one of the prisoner's counsel, following the conclusion of arguments in the case.

SENIOR CLASS OF FREMONT HIGH TO ATTEND THEATER

MISS HILMA BUTTLAR, who will give a reading at Ye Liberty Theater between acts on Friday evening.

A theater party will be given at Ye Liberty theater on April 28 under the auspices of the senior class of the John C. Fremont high school. The money received will be used to pay \$100 due on the bust of General Fremont.

The Fremont bust will cost \$800, and is being modeled by Miss Gertrude Boyle Kano at the home of Joaquin Miller, where she lives.

Between the five acts of the play, "Hamlet," given by Richard Hotelling and the Bishop players, musical numbers will be given by prominent performers. Among them are Mme. Puerrari-Marrache, a former prima donna of renown; Carlo Ricardo Bencarnaco, a basso, and the only exponent of the school of bel canto on the Pacific coast; Mlle. Clarice Galaski, a dramatic soprano, and Miss Hilma A. Buttlar, a well-known dramatic reader.

STREETS ARE TO BE KEPT CLEANER

Assurance to That End Has Been Received by Chamber of Commerce.

That Oakland's streets will be kept in better condition during the coming months was the assurance received by the board of directors of the chamber of commerce at their meeting this morning. This was contained in a letter to the body from Walter C. Howe, street commissioner.

President H. C. Capwell of the chamber of commerce, interviewed the street commissioner a short time ago, in an effort to see if they could not arrange for cleaner streets in the downtown district. In reply Commissioner Howe set forth three features of the proposed treatment.

Broadway, Washington, Clay and other main streets will be flushed on Monday and Friday of each week.

Downtown streets will be swept with sanitary street cleaners on each day of the week.

Regular crews of "pick-up" men will be employed on the streets, as is the custom now, during the day.

This will be the course of procedure during May and June when the new budget is made up on July 1 efforts will be made to make conditions even better. In the meantime Howe asks the co-operation of the chamber in an effort to raise additional funds for street work.

CHAMBER OF COMMERCE ASKED TO AID CALIFORNIA MOTOR COMPANY.

Today no efficient architect will design a plan, whether it be for a towering skyscraper or a modest home, without piping the building for gas in addition to the electric wiring.

Gas is the greatest help the modern housewife knows. The woman who has once used a gas range or gas water heater will never be without them.

Men like Welsbach have given gas a new place in the lighting field, increasing its efficiency and reducing its already low cost.

To furnish you with a superior illuminating and heating gas at a minimum cost is the purpose of the

## OAKLAND Business Property Auction

Opposite new \$2,000,000 Bankers' Hotel. Three blocks of every big bank and office building; fronting on Twelfth, Thirteenth and Fourteenth streets.

### Opportunity Extraordinary

In order to close up the business of the Harrison Realty Company (a corporation) the stockholders have authorized us to sell at public auction in nine parcels the entire holdings of the company, comprising the choicest central improved and unimproved corners and inside lots located opposite the new Bankers' Hotel within Oakland's rapidly-expanding business section.

### Consider This

Twenty years ago 14th and Broadway lots were sold at auction, on which now stands the Macdonough Theater building, Athenian Club, Elks' Club, Mackay Block, the Central Bank, all four and five-story buildings, and new Realty Syndicate ten-story building—land worth from \$2000 to \$6000 per foot today. Not since has there been such business property sold at public auction in Oakland and as the property to be offered, which is only 500 to 1000 feet from the above-mentioned standardized properties.

## ALAMEDA MAN HERO HUBBARD SAVES SHIP

GEORGE HUBBARD, wireless operator on the Pacific Mail liner Asia which was sunk Sunday off the coast of China. —Bella-Oudry, Photo.

## WIRELESS FLASH BRINGS HELP TO SINKING LINER ASIA

The heroism and presence of mind of an Alameda youth, George Hubbard, was all that saved the lives of more than 300 passengers on the Pacific Mail liner Asia, bound for San Francisco, when the steamer foundered in the dense fog off the coast of China last Sunday, according to advices received here.

Hubbard, who is twenty-one years old, and who resides with his parents at 1112 College avenue, Alameda, is a wireless operator, and was employed on the Asia.

### SENDS "S. O. S."

When the liner struck against the reef known as Finger Rock, and the passengers and the crew were being rushed in the lifeboats, Hubbard remained at his post sending the "S. O. S." calls.

The signals of distress were picked up by the Japanese liner America Maru, bound from San Francisco to Hong Kong and the Chinese steamer Shang Sul, and both ships hastened to the aid of the sinking Asia. The 75 cabin and 100 Asiatic stowage passengers of the Asia were picked up by the Shang Sul, and are on their way to Shanghai.

### FEARFUL OF SHIP.

Young Hubbard, who has been employed on various coastwise steamers for the past year, was crossing the Pacific for the first time when offered the position on the Asia. It is said he accepted reluctantly, stating to his sister

that the ship "didn't look good to him." Shortly after the Asia had struck the reef the furnaces were flooded and the electric lights went out. Hubbard quickly reached up and threw a switch connecting the wireless apparatus with the storage batteries, which had been installed for emergency.

### PIRATES LOOT SHIP.

SHANGHAI, April 25.—Warships probably will be sent to recover as much as possible of the wrecked steamer Asia's cargo, which was deserted to Chinese pirates when the passengers and crew were taken off by the Chinese steamer Shooking.

The value of the cargo, made up principally of silk, is estimated at \$300,000. After the passengers had escaped, pirates attacked the crew and, though the sailors put up a hard fight, captured one stoker and carried him away. The others of the crew, with the passengers and the mails, were brought to this port.

### SHIP NOT ABANDONED.

SAN FRANCISCO, April 25.—Cable advices received at the headquarters of the Pacific Mail Company in this city today are that the Asia has not been abandoned, though there is no possibility of hauling her off Finger rock where she lies half submerged. The forward part of the vessel being entirely under water.

Captain Geukroger, of the stranded steamer, and some of her crew are standing by in a tug and it is not believed by the officials of the company that the Chinese pirates that infest that part of the coast have obtained much of the cargo.

## YOUNG BAPTISTS TO MEET HERE

## MUTINY IN COAST ARTILLERY CORPS

The San Mateo Company May Soon Be Without Two Lieutenants.

SAN MATEO, April 25.—Mutiny has broken out in Company 11, coast artillery corps, national guard, California, and if Fieldon W. Waggoner and Norris K. Davis stick by their threat the San Mateo company will soon be without lieutenants. At 5 o'clock yesterday afternoon Waggoner, who has been first lieutenant, and Davis, second lieutenant of the company, presented their ultimatum to Captain Herbert N. Royden that unless he resigned his command by 9 o'clock the same evening the two lieutenants would resign from the company. At 9 o'clock Royden met a committee of the company in his office in San Mateo and declared that he would not resign.

So the company was in a fair way to lose two lieutenants. "Waggoner is city engineer of Burlingame and Davis is one of the town trustees of Hillsborough and a society leader.

### GORDON NOT GUILTY OF DENISON BURGLARY

A jury returned a verdict last night in the criminal department of the superior court finding E. L. Gordon not guilty of burglary, after a trial which lasted three days. Gordon was accused of robbing the residence of A. A. Denison, secretary of the chamber of commerce.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 50c. Sold by Wishart's Drug Store, Tenth and Washington streets.

## FINDS DAUGHTER AFTER LONG HUNT

Battle for Custody of Child to Be Fought in Local Court.

After a chase of more than 5000 miles across the continent from Bangor, Me., after her husband and thirteen-year-old daughter, whom she says he kidnapped, Mrs. Elizabeth D. Jennison has located her child in an Oakland convent and hopes to regain her custody through a writ of the supreme court.

At 9 o'clock last night a writ of habeas corpus was issued to Attorney William Smith, representing Mrs. Jennison, by Chief Justice Beatty and made returnable to the Alameda county superior court on Wednesday.

Mrs. Jennison arrived in San Francisco a week ago Saturday. Unable to hire detectives, she had trailed her husband from Bangor to New York, from New York to Galveston and Galveston to San Francisco. On the ship on which she sailed from New York to Galveston, she learned from the stewardess, who remembered seeing Jennison and the little girl, that he intended placing the child in a convent in California.

Failing to locate the child in any of the convents here, she made a search of the convents of Oakland, locating her late Friday evening in the Convent of the Sacred Names, where she saw the little Alice playing in the yard with other children of the convent.

The Jennisons were separated nine years ago. The child was sent to live with her father's parents. Jennison is in the banking and brokerage business. The wife secured employment at \$3 a week in a library of a little Maine town. She began proceedings last January to secure the custody of her child. Papers were served and the hearing was set for February 3.

Two days before the hearing, according to Mrs. Jennison, the father took the girl away from her grandparents and disappeared.

## THREE FINED FOR SELLING DRUGS

The Violation of Poison Laws Leads to Arrest of Fresno Men.

FRESNO, April 25.—Inspector Browne of the State board of pharmacy, announced this morning that Dr. I. B. Hines and Dr. W. K. Vance, local physicians, and William Atwood, a local drug clerk, had each paid a fine of \$100 for violating the poison laws.

The doctors pleaded guilty yesterday to prescribing an illegal amount of morphine and Atwood pleaded guilty to filling the prescription a second time. Browne declared that the amounts prescribed were sufficient to last an opium fiend several days. A thirty-day jail sentence stands over the heads of the arrested men.

## CHURCHMEN MEET AT CAPITAL CITY

Congress of Protestant Episcopal Church Opens at Washington, D. C.

WASHINGTON, April 25.—Prominent churchmen and laymen of the Protestant Episcopal church from all parts of the United States gathered here for the annual congress of the denomination in this country.

A communion service held this morning in St. John's church was addressed by Rev. Dr. John G. Murray, bishop of Maryland, the delegates will be received at the White House by President Taft and later by Rev. ## MINISTER'S SON GIVEN 10 YEARS ON PROBATION

HARRY L. PARKS, who has been placed on probation.

Bowed down with grief and shame over the disgrace brought upon his family by his erring son, the Rev. Jerome Parks, pastor of the United Brethren church of Los Angeles, anxiously watched the proceedings late yesterday afternoon before Superior Judge Everett L. Brown which culminated in the release on probation for a period of ten years of Harry L. Parks, who had pleaded guilty to the charge of forgery.

The story of young Parks' downfall, as told in Probation Officer Ruess' report to Judge Brown, showed that inability to secure employment covering many weeks of faithful solicitation finally drove him to crime. For more than a month the young man subsisted in Oakland on 10 cents a day and all the time he knew that his wife, the daughter of a bishop of the United Brethren church, faithful to him through all his adversity, was a charity charge of his father and mother in Los Angeles, who were themselves in very straightened financial circumstances.

### LEAVES COLLEGE IN DISGRACE.

Young Parks was reared amid the most refined surroundings and when he reached the proper age his father, whose pastorate brought him only an ordinary livelihood, obligated himself heavily to raise money to secure for him a proper education. The young man entered Pomona college at Claremont and from there went to the University of Southern California to take a law course. The money he received from home was not enough to supply his wants, so he took a job waiting on the table at college. He became a leader in athletic sports and as such was taken up by a wealthy set of students, with whom he was unable to keep pace. This was the "beginning of his downfall," said the "man's soul" and proved his moral undoing. He forged a check for \$10 and when the crime came out he was compelled to leave college in disgrace.

This crime was rushed up and after being home for several months young Parks married a most estimable young lady whose father, then and still a United Brethren bishop, and the Rev. Mr. Parks were lifelong friends. Following his marriage, young Parks held several railroad positions until his lax financial methods made it impossible for him to get any more work in Los Angeles. He took his wife into the country where they worked last season picking fruit, and when the season closed Parks sent his wife back to his parents' home and he struck out to re-establish himself somewhere.

### FLOATS BAD CHECK.

The young man first tried to get work in San Francisco but, failed. Then he came to Oakland and it was here that he was reduced to the threshold of starvation. His parents were willing to help him by providing for his wife, but they could not relieve his financial straits because they had no money. Finally in despair the young man determined to raise enough money to get back home. He floated a bad check and before long he got away the police landed him in the city prison.

All of these facts came out during the hearing. When the Rev. Mr. Parks learned of the downfall of his son and told the terrible news to his wife the shock almost killed them both. In sorrow and shame the Rev. Mr. Parks laid his case before the parishioners and tendered his resignation as their pastor. They refused to accept the resignation and to show their faith in their pastor and their love for him, the members of the church voted to increase his salary and help him redeem his wayward son.

## HEAD OF DEFUNCT FIRM IS FINED

W. Vernon Booth Ordered to Pay \$2000 by Chicago Court.

CHICAGO, April 25.—W. Vernon Booth, who was president of the now defunct firm of A. Booth & Co., was fined \$2000 by Judge Kavanaugh in the criminal court today on a charge of obtaining credit and money under false pretenses from the Continental National Bank.

The fine was imposed after two indictments against Booth and Frederick R. Robins, who was secretary of the company, charging conspiracy to defraud had been quashed.

## ENDS LIFE BY TAKING POISON

**Wife Finds Andrew Everson Dying as Result of Dose of Strychnine.**

Dependent as a result of illness brought on by indulgence of liquor, Andrew Everson, a night watchman, swallowed strychnine yesterday at his home, 1061 Allice street. He expired before medical aid could be summoned. Everson had been drinking heavily for the last week. Yesterday he went to a local drug store and purchased some strychnine, explaining that he wished to poison some rats. He returned to his home and told his wife he did not feel very well and would go to his room and lie down. A few minutes later she heard a fall and hurried to the bedroom. She found him dying and notified a physician and the police.

### SEEK MAN WHO BLEW UP CITY HALL TOWER

SPRINGFIELD, Mass., April 25.—A private detective who said he was sent here from Boston to inquire about the reward offered for the arrest of the person who set off a charge of dynamite under the tower of the municipal building several weeks ago, told the Springfield police that the man who committed the deed is under arrest in Chicago. The detective said his information came from a detective who had been investigating the Los Angeles Times explosion. The police have wired Chicago for information. According to the detective the name of the man under arrest is Murphy.

## MAN HAS NO PLACE IN CURRICULUM OF CO-EDS

### SPINSTERHOOD AND TEACHING FOR THEM

No Bridal Veils and Dim Aisles of Churches Obscure Their Mental Vision.

CHICAGO, April 25.—Two per cent or less of the young women students in the lower classes at the University of Chicago are planning to marry, according to a canvass recorded by Miss Marian Talbot, dean of women, in the annual report of President Harry Pratt Judson, submitted yesterday. The canvass included ninety-six women in the freshmen and sophomore classes, chosen from the beginning of the alphabetical list. Fifteen of those interviewed refused to tell what they were going to do when they graduated. More than half, fifty-six, declared that they were going to teach.

President Judson, in concluding his report, said that it would not be surprising if some quite startling changes in the organization of the American college came to pass.

"The history of the American college has shown an interesting and peculiar development, resulting from social conditions in our country," Dr. Judson says. "The great development of the physical sciences and the social sciences, the introduction of the elective system, the growth of large colleges, and the organization of technical work all have tended to create totally different conditions from those in the early years of the college."

"In the meantime the form of the old organization is continued without being well adapted to new requirements. The American college problem as it exists in these opening decades of the Twentieth Century has not yet been solved and needs a careful and intelligent study."

## BURGLARS WRECK MUCH PROPERTY

**\$100 Damage Done by Thieves Who Took \$200 Worth of Valuables.**

Not content with looting the residence of Mrs. William Walker of 543 Twenty-eighth street, burglars, who entered the place during her absence, wrecked desks, bureaus and cabinets. This is the second visit from burglars in the last six weeks.

The entire house was ransacked and as Mrs. Walker had carefully locked all closets, cabinets and bureau and desk drawers, the thieves smashed open the hiding places, causing about \$100 damage to furniture in the house. They stole jewelry and other articles valued at \$200.

In the rooms on the second story of the house the burglars took the precaution of removing the incandescent globes from the electric light fixtures in order that they might not be surprised at the work by the switching on of the light.

### NEW EVIDENCE FOUND AGAINST TWO ROBBERS

SAN FRANCISCO, April 25.—Policemen O'Donnell and Mahoney, who yesterday arrested Joseph Stark and Bernard Levine for the robbery of John Lindquist, a water front restaurant keeper, this morning placed an additional charge against the pair. Liquor found in their room was identified as having been taken from the saloon at 123 Bay street, which was held up by two masked men early Sunday morning.

### PROBE INTO SHORTAGE RESUMED AT VALLEJO

VALLEJO, April 25.—Behind closed doors and with such an air of secrecy that no hint of the evidence obtained can be secured on the outside, further investigation into the paymaster's shortages aboard the receiving ship Independence was resumed yesterday. Attorney Theodore A. Bell and W. T. O'Donnell are appearing in the case for Arthur M. Pippin, the paymaster, while Frank E. Devlin represents the interests of former Pay Clerk James V. Fuller, whom Pippin is suing for \$3000. Chief Yeoman Henry Helleper and the other two principals in the case, have been the first summoned in the case, and it is understood that summons has been issued for officers and men of the cruisers Raleigh and Cincinnati, as well as for civilian merchants of this city. It is expected that the entire week will be taken up with this second investigation of the receiving ship scandal.

THE SOUND SLEEP OF GOOD HEALTH Cannot be over-estimated, and any ailment that prevents it is a menace to health. J. L. Souther, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley's Kidney Pills have cured me." Fisher and Sydney G. Wilson, both of Alameda. The prospective bride is the daughter of Mr. and Mrs. Bert Fisher and Wilson is a promising young business man.

**LARGE TEA TOMORROW.**  
Mrs. George Reinhardt will give a large and handsomely appointed tea tomorrow afternoon, when she will entertain at her handsome home in Berkeley. The honored guest for the occasion will be Mrs. Frank Beaufort, who leaves shortly for her home in New York, to the regret of her wide circle of friends here. The decorations will be in shades of yellow, poppies and yellow tulips being the principal flowers used.

Assisting the hostess are a group of prominent folk of the college town, among them being Mrs. Benjamin Ide Wheeler, Mrs. Lucy Sprague, Mrs. H. B. Torrey, Mrs. Major Lewis, Mrs. S. P. Day.

**MISS ELINOR PARKER HOSTESS.**  
Miss Elinor Parker will entertain a group of friends on the afternoon of May 2, when she will be hostess at the home of her aunt, Mrs. Ernest Alvah Heron, in Moss avenue.

## WOMEN IN THE NEWS

### BRAVE NURSES SAVE MANY LIVES

Rescue Patients From Blazing Hospital in Oregon City.

**OREGON CITY, Or., April 25.**—Prompt and vigorous work by women nurses and a few doctors prevented the loss of several lives when the Mercy Hospital caught fire here. At the time the flames were discovered there were twenty-two patients in the institution two of whom had undergone operations a few hours before and were still under the influence of anaesthetics when carried from the burning structure. With clocklike discipline the patients were quickly clothed, placed on stretchers and carried to points of safety, where they were attended to by local physicians, who responded promptly to the call for assistance. Several patients considered in a critical condition were removed to nearby residences, while others suffering from minor ailments were placed on mattresses on the ground. The nurses worked heroically and to their efforts can be attributed the fact that no deaths resulted. The hospital was badly gutted before the flames were subdued.

### Woman, You're FAT!

**LONDON, April 25.**—Why can an apparently healthy woman wear pneumonia blouses in the Arctic springs of the British Isles? Why can they walk about in the thinnest of shoes and transparent stockings when the temperature is below the freezing point? Why can they do these things and wear an evening costume which would be fatal to the majority of men, and yet suffer no harm? These are questions that have puzzled the Daily Mirror. To solve them it applied to "an experienced doctor who has studied the subject." He had been puzzled by the same problems. The scientist discovered that "women have a special layer of fat all over their bodies thicker than a man's, and acquired when human kind dwelt in caves and huts. In those days," he argued, "men were able to keep themselves warm by hunting and fighting. Women had to stay at home in a cave and look after the hearth and husband's dinner whenever he might bring it in. Nature set to work and gradually built up on women a special layer of protective fat."

### O'Malley Freed

**PHILADELPHIA, April 25.**—Dr. Austin O'Malley, formerly professor in Notre Dame University, was granted a divorce following the report of the matter. Dr. O'Malley's suit was brought on the ground of desertion and first came to the public notice several weeks ago, when he inserted a newspaper advertisement asking his wife, whom he had been unable to find, any trace, to appear in court this morning. Dr. O'Malley was married in New York in March, 1902, and in July, 1902, his wife, formerly Miss Ellis of San Francisco, was arrested as she was about to leave the country. Dr. O'Malley has since been charged with William J. Hearin, son of a New York broker. Mrs. O'Malley did not appear today when the case was called.

### No Mercy for Her

**SANTA ROSA, April 25.**—Mrs. Grace Kaunitz of Santa Rosa, who is now residing at Pleasanton, must plead next Monday in Superior Judge Seawell's court to a charge that she made fraudulent entries the accounts of the Petaluma Exchange while she was its agent in Petaluma. Her attorney, Philip Ware, made an appeal to the court to dismiss the information and also filed a demurrer. The court overruled both the motion and the demurrer. Ware holds that entries in a stub checkbook cannot be held as evidence of fraud.

### Neither Change Name

**SACRAMENTO, April 25.**—The uncommon coincidence of a young couple having the same family and Christian names and still being no relation was noted when Mario Cassera Rodella and Mario Cassera Rodella, both of Wood, appeared at the county clerk's office and obtained a marriage license. Rodella is a native of Italy and his bride of the Argentine Republic.

### THREE FACE CHARGES OF POISONING MAN

**ALBUQUERQUE, N. M., April 25.**—Mrs. Sarah Talley, her son Dayton Talley and a married daughter are held at the county jail in Las Cruces pending an investigation of the death of Benj. Talley, the woman's husband, at their ranch at Chamberlain with symptoms of poisoning. The body of Talley has been sent to Dr. Mitchell, chemist at the Agricultural college, for examination. The preliminary hearing is set for Tuesday.

## Conquers Society; Now She Tames Lions

MILLE TILLY BEBE AND SOME OF HER PET LIONS.

**VIENNA.**—Milie Tilly Bebe is the latest continental sensation. This is not only on account of the sort of work which she does, which is that of animal-training of the most dangerous sort, but also because of her own personality. Milie Bebe, who is young, pretty and altogether fascinating, was only a short time ago one of the most popular society women in this city of ultra-exclusiveness, whose women are said to be the most beautiful and best dressed women of Europe.

And Milie Bebe, one of these women, growing tired of the conventionalities of the most rigid court in the world, gave her friends their first shock when she announced that society was shallow and that all women should work. So she did, becoming a tylist in the city of her social successes.

This existence, however, was too tame for Milie Bebe, so, possessing a love of wild animals, of tigers, second only to that of Sarah Bernhardt, she decided to take up their training. In this new field of effort Milie Bebe has achieved phenomenal success, "becoming a sensation wherever she has appeared."

Having taken up the work from sheer love of her pets, love toward them is the keynote of her attitude toward them, and to this is attributed her control over them. Of her lions she is so fond that she spends practically all her leisure in their cage. Recently she has also been working with snakes and has found them singularly intelligent and obedient if treated kindly.

## 'Camp Fire Girls of America' to Organize

**NEW YORK.**—The Boy Scouts of America are not to have the heritage of the woods and fields, the lakes and streams, all to themselves. There is a movement well under way for the organization of the Camp Fire Girls of America, which will lead young femininity afire in a healthy, womanly way and give the girls a chance to become acquainted with nature in its most enticing guises. The temporary plans now being made may develop into a national movement by autumn.

Several meetings of prominent men and women have been held at the Horace Mann school, this city, and a temporary organization formed. Mrs. Mary Schenck Woolman of teachers' college is chairman of the committee. Mrs. Charlotte J. Farnsworth, wife of Professor Charles H. Farnsworth, is secretary. Others interested in the work are Mrs. Ernest Thompson Seton, wife of the chief scout of the Boy Scouts of America; Mrs. Elgerton I. Winthrop Jr., Miss Lina Beard, sister of Daniel C. Beard, founder of the Sons of Daniel Boone and one of the founders of the Boy Scout movement, and Dr. Anna Brown of the Y. W. C. A.

The movement seeks to encourage a greater interest among girls in exercises in the open, with the threefold purpose of developing their bodies, minds and

characters. It recognizes that the activities provided for girls must be fundamentally different from those of the boys and that special attention must be paid to the home.

Mrs. Farnsworth said yesterday: "From girls in all parts of the country comes this question to those engaged in the Boy Scout movement: 'What is there for the girls that corresponds to the Boy Scout movement?' To consider these demands we have formed this temporary

organization, which will probably grow into something permanent by fall. If the summer's program works out well, the founders of a movement for girls should consider the womanly qualities and provide forms of expression which do not merely copy those of the boys, but which bring out the fundamental fact that throughout all the ages woman is the conservator of the house, whether the fire is a camp fire out of doors or the hearth of a dwelling."

## HE PARADES HIS WIFE'S AFFINITY

**ATLANTA, Ga.**—Atlanta was treated to the strange sight of an enraged husband marching through the principal streets of the city, the partially clad affinity of his wife, to the police station, where he had charges entered against him, the case tried and a heavy fine imposed.

The husband was R. B. Strange, a salesman, the affinity J. W. Nix, auditor of the Atlantic Compress company. "I would have killed him if I had a pistol," said Strange at the police station, "but I wouldn't have harmed my wife. I just want his case docked and asked to exhibit A in a divorce suit."

Strange asked permission to use a telephone, and stepping into the booth called up Mrs. Nix and detailed the story to her. Evidently, he informed her that Nix would be named as co-respondent.

"If my husband doesn't sue for divorce I will," said Mrs. Strange this afternoon. "He has charged me cruelly and has pawned all my jewels. I went to a hotel to meet Mr. Nix."

Among the patronesses for the evening will include Herbert Bonham, Albert Silvernail, Archie Doughty, Reuben Chase, Charles Allen and Clarence Cass. The production will be managed by Al Silvernail, assisted by Charles Allen and Reuben Chase. Regular rehearsals have been held for the past month, and one will be held this evening at the armory on Market street.

TO GIVE BALL.

The cadet corps will give a full dress military ball, which will be the most brilliant function of its kind ever given by the cadets, on Thursday evening, May 12. The committee in charge has completed all of its plans and a very successful evening is assured. An orchestra has been secured, and the hall will be beautifully decorated with greens and white streamers, forming the cadet's colors. Lloyd Cobbleddick has been appointed floor manager, assisted by Reuben Chase. The committee in charge includes Lloyd Cobbleddick (chairman), John Talcott, Reuben Chase, Carl Merritt and Roland Springer.

Among the patronesses for the evening will include: Mrs. J. M. Morrison, Mrs. H. C. Watson, Mrs. T. G. Springer, Mrs. C. H. Homan and Mrs. L. N. Cobbleddick.

## SO GLAD TO BE FREE, SHE KISSES HER ATTORNEY

**NEW YORK.**—Mrs. Clare Fanti Inge Jaynes was the most joyous of the divorcees who obtained decrees in the supreme court and evinced her delight when Justice Newburger granted her an interlocutory decree from Urtin Coleman Jaynes, the son of the Buffalo automobile manufacturer, by throwing her arms around the neck of her attorney, Gordon S. P. Kleeberg, and showering him with kisses.

Mrs. Jaynes is the daughter of a missionary and bishop of the Methodist Episcopal church. She went on the stage and was for some time understudy to Julia Sanderson. She was married to Jaynes in the Metropolitan Temple in June, 1909.

Jaynes had, prior to his marriage, made a record as a lavish spender and declined to settle down after his marriage. Mrs. Jaynes charged him with misconduct with Bessie Ash and two other actresses, one of whom played in "The Candy Shop," but whose name Mrs. Jaynes said she was unable to learn.

Jaynes served an answer denying his wife's allegations, but permitted the case to come to trial without defending it.

"My, but it's fine to be free again," said Mrs. Jaynes. "The fetters of matrimony are surely loathsome. Of course it was nice at first, and I really loved Urtin with all my might. But—well, you know how it is. When I was away on the road Urtin was up with his father, and it is only in the story-books that absence makes the heart grow fonder—at least it's so in the heart of an actress. 'Actresses should stay single.' They would be much happier if they did."

**PEEVED WIFE TRIES SUICIDE**  
**NEW ORLEANS.**—Because her husband remained out all night and refused to tell her where he had been when he returned home, Mrs. Joseph Tooley shot herself in the left arm in an attempt to commit suicide. Saturday night was the first time since his marriage that Tooley stayed out all night. Mr. Tooley returned home at daybreak and went to sleep in an adjoining room to that of his wife, refusing to give an account of his whereabouts during the night. It was shortly after his return that Mrs. Tooley

tried to shoot herself in the heart. She was hit and when she fired the shot, which struck her left arm instead of her body, fracturing the bone.

**KILLS SELF WITH SHOTGUN.**  
**LOGANSPORT, Ind.**—Leaning on the muzzle of a shotgun, Mrs. Mary Seward, a widow of a wealthy farmer, committed suicide by pressing the trigger of the shotgun with a forked stick. She was despondent over her husband's death.

## OAKLAND'S BOYS AND GIRLS

### CADET CORPS TO BE SEEN IN BLACK FACE SHOW

A clever minstrel show will be presented in Ebbell Hall Saturday evening, May 12, by the members of the First Congressional Cadet Corps. The cadets have given many similar productions in the past and crowded houses have always responded. Clarence Cass, of minstrel fame, will head the troupe, and act as musical director, with a large number of new songs and features.

Cary Howard, an Oakland lawyer, has agreed to act as interlocutor. The endmen will include Herbert Bonham, Albert Silvernail, Archie Doughty, Reuben Chase, Charles Allen and Clarence Cass. The production will be managed by Al Silvernail, assisted by Charles Allen and Reuben Chase. Regular rehearsals have been held for the past month, and one will be held this evening at the armory on Market street.

TO GIVE BALL.

### OAKLAND PUPILS TO DANCE AT FESTIVAL

Graceful children of the Durant school will appear in the May-pole dance which will be a feature of the annual festival to be given under the auspices of the Mothers' Club, Saturday, April 29. On that occasion the grounds will be open to the public. The pupils will entertain their parents with a musical and literary program, which will be given in the school building between the hours of 10 and 12.

The feature of the fete will be the crowning of the queen, Josephine Hughes. She will be escorted to the throne by a retinue of boys and girls. Mrs. C. C. Johnson, one of the enthusiastic workers in the Mothers' Club, has charge of the program and Mrs. C. A. Rice is training the children for the dance.

### SEEKS SCHOOL FOR DISOBEDIENT PUPILS

According to a statement made by S. P. Meads, principal of the Cole school, there is a crying need for a home in this city, where the children of boys cannot receive the proper individual attention in the home and schools, may be cared for. In connection with the parental home there should be a garden and workshop, where the youths may find employment, he says. In that institution they would also be taught obedience, honesty and everything that develops the finer instincts of the boy. Principal Meads also asserted that the home would lessen the number of delinquent boys in the detention home and would to an extent prevent the boys from developing into criminals.

"There are many boys who have splendid traits," said Meads, "who fall into bad habits because of lack of some environment and proper guardians. The parental home will place many wayward youths on the right track and would mould their characters and shape their ideals to see things in the clearest and most wholesome aspect. The parental home would be a blessing in this community."

**NEW JERSEY TOWNS BAR MOVING PICTURES**

**MONTCLAIR, N. J., April 25.**—The common council has barred the moving picture show indefinitely from this city by refusing to grant licenses to any applicants. Eleven applications were turned down by a single vote at the last meeting.

"One of the applications was a charitable organization which planned to make its moving picture show the nucleus of a social welfare center for work among the poor."

## INDICATIONS FAVORABLE TO PEACE IN MEXICO

## GEN. MADERO AWAITS MESSAGE FROM DIAZ

Interest Centers in Hope Government Will Announce Appointment of Its Peace Commissioners

## SEES REUNITED MEXICO

NEW YORK, April 25.—President Diaz of Mexico has addressed the following dispatch to the Associated Press:

"MEXICO CITY, April 25, 1911.—In reply to your message in which you ask me concerning the actual situation in this country, I am convinced that conditions of peace, interrupted for the moment, will return to Mexico and that all Mexicans will unite with the single purpose of furthering the development and progress of the country. (Signed)

"PORFIRIO DIAZ."

EL PASO, April 25.—Interest in the peace situation at General Madero's camp today is centered in the hope that word may come from the Mexican government of the appointment of its commissioners for the conference, at which it seems almost certain terms of peace in Mexico will be agreed upon. The insurrecto commander, it is understood, is ready to announce his appointees as soon as the government representatives are named.

White members of the Madero family have not expressed themselves publicly. It is generally understood that they regard El Paso as the most convenient meeting place for the peace commissioners. The meeting place, however, will probably be announced simultaneously with the names of the commissioners. Peace negotiations, it is expected, will consume at least a fortnight. Confidence in the successful outcome of these negotiations marks the situation both in the insurrecto camp and in Juarez.

## GENERAL NAVARRO SUBSIDES

Even General Navarro, of martial mien and ferocious whiskers, is gentle as a lamb nowadays, according to reports from the Mexican city. The federal commander, it is declared, has a smile and a cherry word for every one, including the once hated reporters.

His cane swings jauntily as he makes his inspections, and there is a calm for each beggar who besets his path. In odd moments he is seen to open prison gates to free some unfortunate—generally a harmless individual whose "viva," misdirected from the federal point of view, aroused official ire only a few short days ago.

## MORMONS ARE WORRIED.

Apparently the only ones disturbed by the present situation in this part of Mexico—so lately the storm center—are the Mormons at Colonia Dublan. According to advices from Casas Grandes, most of the horses of Madero's family were left at that point when the insurrectos advanced on Juarez, and in their search for pasture many Mormon farms have suffered. At least a thousand horses are roaming in the vicinity of Casas Grandes, it is declared.

A rumor that the insurrectos intended to disarm the Dublan and Juarez colonists caused a delegation of Mormons to wait upon the insurrecto mayor at Casas Grandes, who assured them that there was no probability of such action. If the insurrectos were hard pressed, he said, they might buy arms and ammunition from the colonists. This, the

## EXCHANGE WOULD OPEN BROADWAY

Merchants Will Agitate for Addition of Two Miles of Roadway.

The Merchants' Exchange is preparing to agitate for the opening of Broadway from Tennesset creek, its present northern terminus, to the Tunnel road, a distance of about two miles. At present the only entrance to Oakland by way of the Tunnel road is either by Telegraph or Chertmott avenues. Should the exchange be successful in its project the time from Contra Costa county to this city would be shortened by at least one-half hour. At tonight's meeting of the directors of the organization the new president, Daniel C. Crowley, will probably appoint the standing committees for the ensuing year, among which will be the one on tunnels, streets and roads, which will take up the matter of extending Broadway without delay. Other committees to be appointed are a membership committee, a resolutions and press committee, a manufacturing and industry promoting committee, a ways and means committee, and an auditing committee.

## RAISIN BANQUET TO BE GIVEN BY LODGE

ALAMEDA, April 25.—Alameda Park, Sative Sons of the Golden West, will give an entertainment for members of the park Monday evening at Woodmen Hall. A committee of arrangements has planned a surprise raisin menu. Talent in the lodge will furnish the entertainment.

Mormons replied, would be impossible if they had none to sell. All public gatherings in the evening had been discontinued in Dublan and Colonia Juarez.

## Vasconcelos Arrives in Washington and Takes Gomez's Place

WASHINGTON, April 25.—Senor Jose Vasconcelos of the Mexican revolutionary junta at San Antonio, Tex., arrived here today to assume charge of the Washington confidential agency during the absence of Dr. Vasquez Gomez, who will participate in the peace negotiations in Mexico. Dr. Gomez will leave here tonight for Juarez, where, after a conference with General Madero, he will accompany the other peace commissioners to some central point, to which it is expected a federal commission will be sent.

## Rebels Give Battle to Federal Troops at Caborica, Sonora

EL PASO, April 25.—A special to the Herald from Nogales, Ariz., says a battle was fought Sunday at Caborica, Sonora, in the Altar district, and that the federals were compelled to retreat to Altar. The federals were outnumbered. The rebels, led by Francisco Velasco, lost four men, three Americans and a Payson man killed. The federalists lost three men killed.

## Gen. Preya Imprisoned in Chihuahua by the Mexican Government

PARRAL, Mex., April 25.—General Abel Preya, a retired army officer and owner of a big hacienda near Rosario, Durango, has been arrested and sent to prison in Chihuahua on the charge of sedition. When the general came here he alleged that he was fleeing from the rebels, but he was arrested as a seditionist.

## State Legislature of Guadalajara Has Passed Election Bill

GUADALAJARA, Mexico, April 25.—The state legislature has passed the no-re-election bill, fixing the term for six instead of four years, and making it necessary for candidates to be residents of the state.

## MARSH INTRODUCED HIS TWO WIVES

As a Result Wife No. 2 Has Been Granted an Annulment of Vows.

SAN FRANCISCO, April 25.—After being wedded for several months and enjoying to the fullest the honors to which every possible attention was paid her by her husband, Mrs. Ruth Marsh testified this morning that she discovered that she was not the wife of Lawrence Marsh. It was Marsh himself who confessed to her in Boston that he had a former wife living, and when she thought she was joking she was told to show her wife No. 1. Still doubting, she accompanied him to Brockton, Mass., where she was given a formal introduction to her predecessor. She told her story to Superior Judge Van Nostrand this morning and was granted an annulment.

## DIPLOMATS ARE NAMED BY PRESIDENT TAFT

WASHINGTON, April 25.—President Taft has named to the senate nominations in the diplomatic service as follows: Henry S. Boutell of Illinois, minister to Switzerland; Edwin V. Morgan of New York, minister to Portugal; Maurice S. Swenson of Minnesota, minister to Norway. Boutell's appointment was immediately confirmed. The senate also confirmed the nomination of Wm. Rockhill as ambassador to Turkey and former Governor Curtis Guild of Massachusetts, as ambassador to Russia.

## SAVAGE MOORS PILLAGE AND SLAY

Several Killed at Mequinez; Brother of Sultan Is Proclaimed.

France Announces Intention to Quell Rebellion With the Sword.

TANGIER, April 25.—The British legation has received advices dated Fez, April 20, stating that all in that city were safe at that time and that supplies of food were coming into the capital. Advices from Mequinez, 38 miles southwest of Fez, and one of the summer residences of Sultan, announced that Mulai El Zin, a brother of Sultan Mulai Hafid, had been proclaimed sultan by the rebel Zennours, who, after capturing the place, pillaged the shops and killed several Jews.

## PACIFIC NATIVES.

CASA BLANCA, Morocco, April 25.—General Molinier, commanding the French forces here, has issued a proclamation to the tribesmen stating that France does not propose to occupy new territory but merely to assure the safety of foreigners and re-establish order under the authority of the sultan. The tribes are told that if they will end the rebellion and discontinue their menaces France would stop the march of her troops toward Fez, but otherwise the French government was obliged to pacify the country and punish the leaders in the revolt.

## EXPECT SHAKE-UP AMONG OFFICE HOLDERS

Several Officials of Berkeley Signify Intention of Resigning.

BERKELEY, April 25.—Rumors of changes in appointive offices and of the resignation of several officials at the city hall at the beginning of Mayor Wilson's administration continue to furnish gossip on the streets and in the municipal building. Following the announcement of Frank D. Strimling that he would resign the office of city attorney July 1, the statement of B. D. M. Greene, assistant district attorney, that he will resign at the same time, and of Miss Anna Eliza, secretary to Mayor Hodgehead, that she is ready to resign.

B. F. E. was the first appointee to the position of building inspector six years ago, admitted today that he had heard a rumor that he was to be fired on account of alleged activity in behalf of the Good Government campaign.

## WORKED FOR CONNOR.

"It is true that I worked for Fred F. Connor as a candidate for councilman," said Bull, "but I was not active for the entire term. I have never belonged to the Good Government club or to any other political organization. I am for the best administration that can be given the city, and am ready to serve Berkeley as long as her interests are being guarded by those in power."

Bull was appointed by the old board of town trustees in 1905, when the office of building inspector was created. He was the first person to hold the office. This department was formerly under the supervision of the chief of the fire department. Bull was formerly a building contractor.

Wilbur F. McClure, commissioner of public works, who is to retire July 1, will resume his profession as a civil engineer. R. A. Berry, the second retiring commissioner, is in the real estate business.

## FAVOR CIVIL SERVICE.

John A. Wilson and E. C. Turner, the newly elected councilmen, have declared themselves in favor of civil service for city positions. On the council Christian Hoff and Commissioner Norton will remain as holdovers until the end of the year. Professor William Conger Morgan and Roy F. Young will remain. Professor Morgan resigned yesterday that he would resign declaring that he had been elected for four years and would serve his term.

Mayor-elect Wilson stated today that he had not time to consider possible dismissals and would not until the new council assumed its duties.

## ESTIMATES MUST BE ENTERED SOON

Council and Auditor to Study Estimates Before Tax Rate Is Fixed.

ALAMEDA, April 25.—City Clerk F. E. Browning has sent communications to the various heads of the municipal departments calling for estimates of the provisions of the city charter requiring that all estimates of departments must be submitted to the council on or before the second Monday in May. A duplicate estimate should also be sent to the auditor.

The tax rate of the city will be fixed by the council in June. That the rate will be no higher than it is at the present time has been stated by Mayor W. H. Hoy and Council President E. B. Bullock. The present rate is \$1.20.

## MAYOR MOTT ENDORSED BY CLUB

Irish-American Organization Boosts for the Candidates.

Business Men Change Attitude and Rally to City's Executive's Standard.

There was a largely attended meeting of the Irish-American Political Club last night at Enterprise hall, at Twenty-second and Grove streets, at which there was a unanimous endorsement of the following candidates to be voted for at the general municipal election, May 9: Mayor, Frank K. Mott; auditor, Geo. Gross; commissioner No. 1, Edwin Meese; commissioner No. 2, W. J. Bacus; commissioner No. 3, J. C. Turner; commissioner No. 4, John Forrest; school directors, No. 1, Dr. Kelly; No. 2, F. B. Cook; No. 3, Calvin Orr; No. 4, Harry Boyle; No. 5, Annie Brown; No. 6, M. R. Bronner.

## 600 MEMBERS.

The organization has a membership of between five and six hundred citizens who have the welfare of Oakland at heart and who are earnestly in favor of good government. Next Monday night there will be a meeting of the club at which residents of the city, irrespective of whether or not they are members of the club, will be welcome. The candidates who have been endorsed will be invited to be present. The selection of candidates referred to have been made after a conscientious consideration of the aspirants before the people.

Last night's meeting was presided over by Richard Heaney, who is the president of the organization. James J. O'Connell, secretary. The campaign committee appointed comprised John Cox, P. N. Hanrahan, C. J. Twomey, John R. Kelly, D. Spahn and Denis McCarthy.

## CHANGES HIS MIND.

There was no warmer political friend of Dr. Jackson, than J. C. Downey, formerly connected with the oil and paint business in this city, but now in the east making arrangements for the purpose of conducting a glass enterprise here on a large scale, said one of the leading local merchants this morning to a TRIBUNE reporter. "Well, now," the speaker continued, "Downey is for Mott for mayor. He will not be here to vote, but, before going away, he told many who shared with him in some degree his confidence in Jackson, that he would no more follow ineffective leaders and would cast his vote for Mott in the event of his returning before the close of the campaign."

Charley Downey was one of the main supporters of Jackson had in the business district and there were a number of people who entertained the same views that he did on the political situation. These, however, have decided that they will vote for Mott for mayor. There is not a day that changes of that kind are not taking place and by the time the regular election takes place there will be very few who were once for Jackson who will not regret having thrown away their vote and embrace the opportunity of voting for Mott."

## PIONEER RESIDENT OF ALAMEDA DEAD

The Mother of Librarian Mrs. Krauth Dies at Age of 88 Years.

ALAMEDA, April 25.—Mrs. Ellen B. Elford, mother of Librarian Mrs. M. H. Krauth, died at her home at 1000 E. Elford after an illness of three months. Mrs. Elford had resided in the city for thirty-five years. She was a member of the First Methodist church. She was 88 years old.

Mrs. Elford had been active until three months ago, when she became confined to her bed and practically little hope was held out for her recovery. She was survived by her daughter, Mrs. Krauth, two grandchildren, Mrs. Winfield S. Ingram and Miss Jean Ingram. She was a native of Prince Edward Island. The funeral will be held tomorrow afternoon at 2 o'clock from her late residence, 1621 Broadway, and will be followed by interment in Mountain View cemetery. Rev. W. H. Martin of the First Methodist church, will conduct the services.

## Fifteen Bodies Taken From Ill-Fated Mine

Eight More Victims of Elk Grove Explosion Supposed to Be Still in Wreck.

ELK GROVE, W. Va., April 25.—Fifteen bodies have been taken out of the Ot Mine No. 20 of the Davis Coal Company early today. The bodies of eight victims of yesterday's explosion are supposed to be in the mine. John Loring, chief of the West Virginia department of mines, has begun an investigation of the cause of the accident.

PASSED BOGUS CHECK. SAN FRANCISCO, April 25.—Gus Nelson of 211 Diamond street, reported to the police today that he had passed a bogus check for \$100 presented to him by a man named Gus Gimmon.

BURGLED ENTER RESIDENCE. SAN FRANCISCO, April 25.—Burglars broke into the residence of Mrs. A. S. Beattie, 1849 Jackson street, during the night and stole \$60 in cash and a quantity of jewelry.

## SOCIETY LEADERS BIDDEN TO EARLY DANCE AT HOME CLUB

MISS ALICE EARL, who, with her sister will be hostess at a large dance this evening.

The anticipated dance of the Guy C. Earls will take place at the Home club this evening. The ballroom will be decorated in palms and greens. Pink will be the prevailing color in the dining-room, where a supper will be served at midnight. The affair is for Miss Alice and Miss Martha Earl. Assisting them in receiving their guests will be the members of the 1912 class of the Kappa Alpha Theta sorority at Berkeley, to which the Misses Earl belong.

Miss Alice Earl will wear chiffon of watermelon shade made over white chiffon, while Miss Martha Earl will wear a light shade of pink chiffon. Mrs. Earl will be gowned in pink crepe which she brought from Japan.

Two hundred and fifty guests will enjoy this evening's affair. The Earls are among the most prominent of smart folk on this side of the bay. Tonight's dance will be the first large affair which they have given since their return from abroad.

The sorority members who will assist this evening are Miss Muriel Burnham, Miss Edith Clapp, Miss Katherine McElrath, Miss Lillian Van Dyke, Miss May Chase, Miss Helen Eames, Miss Jessie Runyon, Miss Agnes Welsh.

## CHARTER MEMBER OF MASONS DIES

John H. Nobmann, One of the Earliest Settlers of Alameda, Is Summoned.

ALAMEDA, April 25.—Within a week of the death of his son, William A. Nobmann, by gas asphyxiation, John Henry Nobmann, a charter member of Oak Grove Lodge of Masons, died last evening at his home, 1005 Broadway. He had been in failing health for many months, but it is thought that the death of his son hastened the end. Deceased was 77 years of age. He came to this city from San Leandro forty-two years ago, and established the first retail grocery store of any size at Park street and Lincoln avenue. He was one of the three surviving oldest members of the Masonic lodge. The other two living charter members of Oak Grove lodge are George Lewis and Frank Early. St. Nobmann was a former member of Eden Lodge No. 118, San Leandro.

He was survived by a widow, Magdalene Nobmann and five children—J. H. Della M. and Otto T. Nobmann, Mrs. H. A. Boutelle and Mrs. W. R. Henderson. The funeral will be held tomorrow afternoon at 2 o'clock from Masonic Hall under the auspices of Oak Grove Lodge. Incineration will follow at the Oakland crematory.

## REDUCE EXPRESS RATE ON HORSES

Interstate Commerce Commission Lowers Tariff in the Mountain Territory.

WASHINGTON, April 25.—The Interstate Commerce Commission made heavy reductions today in the express rates on horses, in carloads, in the Inter-Rocky Mountain territory. The case decided was instituted by the Arizona Railroad Commission against the Wells-Fargo Express Company. The commission held that the express company rates for transportation of horses in carloads of \$500 between El Paso, Texas and Phoenix, Ariz., \$400 between Phoenix and Los Angeles, and \$375 between Phoenix and San Francisco were unreasonable.

In the future the rates were ordered to be, respectively, \$500, \$320 and \$470. The new rates to become effective June 1, 1911.

## RAILWAY MAY ISSUE \$107,000,000 IN BONDS

TOPEKA, April 25.—The Missouri Pacific and Kansas railroad applied to the board of railroad commissioners for authority to issue \$107,000,000 in bonds, \$82,000,000 of which will be to take up outstanding bonds and \$25,000,000 for improvements. The line from Kansas City to Parsons will be straightened until it will be almost an air line and several new bridges and much new steel will be laid. From Parsons, through Oklahoma, a double track will be laid. Nearly all the \$25,000,000 in improvements will be spent in Kansas and Oklahoma.

## GIRL, VICTIM OF BOLD FIEND

Miss Julia Koebig Is Beaten by Thug in Home of Father.

Daughter of Physician Expected to Recover; Police Trail Crook.

LOS ANGELES, April 25.—Miss Julia Koebig, aged 19, was beaten about the head and assaulted late yesterday by a man who had forced an entrance into the home of her father, Dr. Julius Koebig, 1720 Toberman avenue, in one of the best residence districts of Los Angeles. The crime was the most desperate of several of the same character which have occurred in this city recently.

Miss Koebig, who was alone in the house, was in her room dressing when the front door bell rang several times in succession. As soon as she could she went to the door but found no one there.

## CONFRONTED BY MAN.

She then made her way to the kitchen, where she was confronted by the man who had forced his way into the house through a window. He made a demand upon her for money and when she refused to give him any, seized her and began to beat her on the head with his revolver.

She fought desperately, succeeded in breaking away and started for the front door. Before she could reach it he was again upon her and beat her to the floor with the weapon. Miss Koebig resisted as best she could. He then attempted to force her to the floor. She believed to be the assailant and made his escape. The police have been given a good description of the assailant and are making extraordinary effort to find him. Although seriously injured the young lady will recover.

## OFFER REWARD.

The city council today authorized City Attorney Schenk to draw up an ordinance offering \$1000 reward for the arrest and conviction of the burglar. The criminal is believed to be the same man who has committed a large number of assaults on women here in the past months, most frequently attacking girls accompanied by escorts in the evening.

These attacks have been made in all parts of the city over a period of nearly a year. But few arrests have been made and no convictions secured. The ordinance was planned for passage at a special meeting of the council late today, bearing an emergency clause making it immediately effective.

## RUSSIA LOOKS OVER FAR EAST SITUATION

ST. PETERSBURG, April 25.—The Bourse Gazette reports today that the cabinet held a meeting Saturday under the presidency of Premier Stolypin during which the situation in the Far East and Mongolia was discussed in the light of a report received from Peking and presented to the ministers by M. Veratoff, the acting foreign minister. Another matter gone over was a projected two months' tour of inspection in the Far East by Lieutenant General Soukhomlinoff, the minister of war, to begin early in May.

## STANFORD GRADS TO REIGN WEEK

Underclassmen Day to Be Feature of Senior Class Celebration.

STANFORD UNIVERSITY, April 25.—The class of 1914 at Stanford is making a serious endeavor to give much color to their commencement week as will attract the large body of undergraduates who have in former years been accustomed to depart from the campus as soon as final examinations were finished. To this end, Thursday, May 14, has been set aside as "Underclassmen's day," and a committee of seniors appointed to arrange for the entertainment of the juniors, sophomores and freshmen.

E. C. Matthias of Spokane, who is chairman of the committee, announced yesterday some of the plans that have already been formulated.

The university examinations close on May 17. On that evening the seniors are to present Elmer's "The Amazons" in the assembly hall. On the next morning a big "peep" will be held, and in the afternoon the annual senior-faculty baseball game is to be played. In the evening a grand carnival will be held. The complete program of senior week is as follows:

Wednesday, May 17: 5:30 P. M., senior supper at the lake; 8:15 P. M., senior farce in the assembly hall.

### UNDERCLASSMEN DAY.

M., Phi Beta Kappa reception and dinner; 7:30 P. M., general university jolly-up. Friday, May 19 (class day)—9 A. M., Meeting of the Academic Council; 10 A. M., class day exercises in the chapel; 11 A. M., dedication of the '11 plate; 11:30 A. M., in Memoriam Transference of memorial duty to the class of 1914; 2 P. M., reception to the graduating class by President and Mrs. Jordan; 3 P. M., promenade concert in the Quadrangle. Saturday, May 20 (Alumni day)—11:30 A. M., annual meeting of the Alumni Association; 1 P. M., alumni luncheon in the hall; 3:30 P. M., alumni-senior baseball game; 6 P. M., class reunions; 8:30 P. M., senior-alumni reception in the hall. Sunday, May 21 (Baccalaureate Sunday)—11 A. M., Baccalaureate service; 4 P. M., planting of the ivy at All Saints church. Monday, May 22 (commencement day)—10:30 A. M., commencement exercises; 8 P. M., senior ball.

## UNIVERSITY GRADUATE ELECTED CITY ATTORNEY

UNIVERSITY OF CALIFORNIA, April 25.—Harold F. Orr, a member of the class of 1909 of the University of California, has been elected city attorney of Berkeley. He was elected by the city council, which was held in the city hall, where he was a member. He will take office in a few weeks.

## FALLING TIMBER KNOCKS WORKMAN UNCONSCIOUS

ALAMEDA, April 25.—While unloading a freight car at the Southern Pacific station, a large tree trunk, which was being moved by a derrick, fell and struck a workman in the car and knocked him unconscious. He was removed to Riley's drug store, where he was revived by Dr. J. W. H. and removed to his home at 1900 Broadway.

## TETRAZZINI SHARES HONORS WITH ORCHESTRA

Tetrazzini's concert tour of the United States was a veritable series of ovations. Beginning at San Francisco, where she sang on Christmas eve to an audience of more than 100,000 delighted hearers, she has been everywhere, and her tour is marked by triumph after triumph. The other sensational event was the tour of the Imperial Russian Ballet, which was a veritable series of ovations. Beginning at San Francisco, where she sang on Christmas eve to an audience of more than 100,000 delighted hearers, she has been everywhere, and her tour is marked by triumph after triumph.

The technical skill and precision of the twenty-five gifted players of the orchestra are simply astonishing, while the effect of the whole orchestra is soft and rich, "music something like produced by a mandolin, only wonderfully more velvety, that fades away to a singing whisper or flows into a liquid tone like the sound of zithers in crystal halls." Doesn't that make you long to hear this wonderful music? And the best part of it is you can hear it and Tetrazzini's matchless voice, too. Their concert tours are over, but they still play and sing, and they keep on playing and singing to future generations, for their art is preserved for all time on Victor Records. Four of Tetrazzini's records, made right after the completion of her tour, and four selections by the famous Balalaika orchestra have just been issued with the May list of New Victor Records.

This delightful music is yours to hear whenever you want if you are fortunate enough to possess this record. Buy it now. But even if you haven't one of these wonderful instruments, you can still possess this music at any Victor dealer's. He will only be too glad to play any of these records you want to hear.

## CECELIAN CHORAL SOCIETY TO GIVE VAUDEVILLE SHOW

MISS MINNIE KIST, who will appear in sextette in amateur vaudeville performance.

ALAMEDA, April 25.—The program which has been provided by the Cecelian Choral and Dramatic society for its vaudeville performance to be given Friday night at Adelphi hall for the purpose of raising funds for the purchase of a pipe organ for St. Joseph's church, in one that promises an exceptional entertainment. The Young Men's Institute orchestra, under the direction of Professor T. W. Maguire, will provide musical numbers of a character that will far surpass any of its previous performances, and a double bill of comedians, consisting of Miss Minnie Kist, Mary Smith and Grace Manley and Messrs. George McCrath, Clem Smith, Will Woodside, Bert Meyer, Ray Larkey, and Will Flanagan, under the direction of Miss Margaret Clevins, will dance and sing "Tell Me Your Story" and "The Beauty and the Beast."

Other numbers, including songs, quartets, club singing, sketches and skits, will fill out the evening. Baby Eugene, a child, who made such a decided hit at the San Francisco Polytechnic benefit at the Valencia last week will dance the Pasodoble and sing "Tell Me Your Story" and "The Beauty and the Beast."

## LOCAL OPTIONISTS PLAN CONFERENCE

Contra Costa and Alameda Counties Are to Be Represented.

BERKELEY, April 25.—A local option conference and rally will be held at the First Presbyterian church, this city, on Thursday afternoon, April 27, at 2:30. Representatives from various parts of Contra Costa and Alameda counties will be present at this gathering, the purpose of which is to consider ways and means for the effective use of the new local option law. Similar meetings have been held in Willits, Ukiah, Eureka, Eureka and Stockton, and will be held in Fresno, San Jose and Santa Cruz.

## FORMER CITY CLERK RECOVERING SLOWLY

ALAMEDA, April 25.—Benjamin F. Lamborn, former city clerk, is recovering from an attack of pneumonia, presumably contracted from eating sardines.

His case was unusually severe and his life was despaired of by attending physicians for several days. Lamborn recently returned from a trip through Mexico.

MIDNIGHT IN THE OZARKS and yet sleepless Hiram Scanlon, of Clay City, Mo., coughed and coughed. He was in the hospital, and he was coughing, but found no help in the climate, and he coughed and coughed. He was in the hospital, and he was coughing, but found no help in the climate, and he coughed and coughed.

Their concert tours are over, but they still play and sing, and they keep on playing and singing to future generations, for their art is preserved for all time on Victor Records.

Four of Tetrazzini's records, made right after the completion of her tour, and four selections by the famous Balalaika orchestra have just been issued with the May list of New Victor Records.

This delightful music is yours to hear whenever you want if you are fortunate enough to possess this record. Buy it now. But even if you haven't one of these wonderful instruments, you can still possess this music at any Victor dealer's. He will only be too glad to play any of these records you want to hear.

Doesn't that make you long to hear this wonderful music? And the best part of it is you can hear it and Tetrazzini's matchless voice, too. Their concert tours are over, but they still play and sing, and they keep on playing and singing to future generations, for their art is preserved for all time on Victor Records.

## COLORED RECRUITS

CROWD U. S. OFFICE

ATLANTA, Ga., April 25.—There are more negro recruits available here than there are places for them in the United States army. Recently the local recruiting station received orders from the war department to obtain negro recruits for the Twenty-fourth infantry, which was under orders to sail for the Philippines. The response was instantaneous, and in a short time more men had applied than could be taken.

One of the applicants for enlistment was so disappointed at his failure that he wrote President Taft urging that he be accepted as a fighting man.

The letter was referred to the local station where it will be kept on file. When there is another call for negro soldiers the applicant will be promptly notified.

## POWDER EXPLODES IN COURT.

CHICAGO, April 25.—An explosion of gunpowder in a cuspidor during a session of the criminal court caused considerable excitement yesterday.

Judge William E. Dever had just opened court, and an attorney appearing for the defendant in an Italian murder case, threw a lighted cigarette into the cuspidor. There was an explosion, breaking the cuspidor and setting fire to the woodwork in the courtroom. The source of the gunpowder in the cuspidor is not known.

## RAILROAD 'PASSES' TO HAVE PUBLICITY

The Federal Searchlight to Be Turned on Free Transportation.

SAN FRANCISCO, April 25.—For the first time in the history of the state railroads, must make public the names of all men and women to whom they give free or reduced transportation, including the use to which such transportation is put. From this publicity is excluded free or reduced transportation to railroad officers and employees and members of their families.

Messrs. Eschelman, Gordon and Loveland of the State Railroad Commission made an order to that effect yesterday under the powers given by the last legislature to the commission. On July 1, 1911, the roads must file their first public report on this subject with the board. After that, they must file similar reports quarterly. Other transportation companies subject to the orders of the board must do likewise.

## RULES IN DETAIL.

As to whom railroad or other transportation companies can issue free or reduced transportation, other than officers and employees and members of their families, the commissioners made this important announcement:

"The carriers of the state of California are hereby notified that the railroad commission is willing that they should issue free or reduced rate transportation to ministers of religion, to traveling secretaries of railroad men's religious associations, to executive officers, organizers or agents of railroad employees' mutual benefit associations giving the greater portion of their time to the work of any such association.

## OBJECTS OF CHARITY.

"To inmates of hospitals and charitable and eleemosynary institutions and persons exclusively engaged in charitable and eleemosynary work; to persons and property engaged or employed in any work whenever the use of such transportation is incidental to or in furtherance of such work; to persons and property engaged or employed in educational work or scientific research when the use of such transportation is incidental to or in furtherance of work or research, provided, however, that this authority shall not extend to persons employed by educational institutions who are run for profit; to hotel employees of season resort hotels while traveling to or from such employment.

"With reference to the executive officers of mercantile or promotion boards or bodies within this state, this commission will judge each case as it arises on its facts, but the use of such transportation as may issue to persons in this class must be incidental to or in furtherance of the work of such board or body. This order supersedes the one made by the commission February 1 last in the matter of transportation to persons engaged in educational work.

## BRAVE POLICEMEN SAVE GIRL'S LIFE

Miss May Starkweather Lifted From Saddle of Runaway Horse.

SAN FRANCISCO, April 25.—The horsemanship and bravery of Michael Greggains and Martin Hanley, mounted policemen, perhaps saved the life of Miss May Starkweather, 1433 McAllister street, on Sunday morning, while she was being run away with in Golden Gate Park by a frightened horse.

After a chase of more than a mile over the equestrian path along the north drive the policemen overtook the runaway. Greggains lifted her from her saddle while the horses were racing at full speed. Miss Starkweather was in a faint.

The young woman was taken to her home, where she was forced to take to her bed.

Both Greggains and Hanley were near the tennis courts when they heard the clatter of a horse's hoofs. They saw a young woman sawing frantically at a horse's bit.

Both Greggains and Hanley urged their horses to their full strength. Greggains attempted to throw his lasso over the head of the horse, but failed. A little further along they came abreast of Miss Starkweather's horse.

"I was riding one of the most spirited horses of the riding academy," Miss Starkweather said. "As I turned into the equestrian path I spurred him with both feet. He gave a big leap and dashed away at full speed.

"It didn't frighten me. I clutched the reins and hung on. If I had not been on the alert I would have been thrown at once.

"The horse was wild. I couldn't check him. One mounted policeman rode up and saved me. It was very brave of them."

## TAXICAB METER TO WHIRL AT FAST RATE

NEW YORK, April 25.—The big taxicab companies in control of the hotel and theater business have served notice on the public that they will raise their rates about ten per cent beginning May 1. According to the management of the companies they are losing money under the prevailing tariff, which is 75 cents for the first mile and forty cents for each succeeding mile. The new rate will be 80 cents for the first mile and 50 cents for each succeeding mile. City officials say that the proposed new scale is about five times greater than that asked in London or Paris.

A Reliable Medicine—NOT A NARCOTIC  
Mrs. F. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and the doctor's medicine did not cure him. I gave him Foley's Honey and Tar Compound, in which I have great faith. It cured him as well as the coughing and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house." Wishart's Drug corner Tenth and Washington streets.

## BIRTH RATE AMONG JEWS IS HIGHEST

Italians Second, While Native Born Americans Make a Very Poor Showing.

NEW YORK, April 25.—Figures which throw light on what matrons of various nationalities are doing in the way of increasing the population of the city of New York has just been issued by the health department.

In the Jewish district the birth rate is the highest, averaging 56 for each 1000 of the population. In typical Italian sections the rate is 50.05. In the negro districts the birth rate averages 24.6. But in the high class native American private residence districts, the rate is less than seven per 1000.

The number of children resulting from mixed marriages indicates, the experts say, that the second generation of immigrants is not as prolific in offspring as are the first generation.

## JIM CROWLEY, FAMOUS ATHLETE, SERIOUSLY HURT

NEW YORK, April 25.—Jim Crowley, Irish-American athletic club's distance runner and former marathon champion, is under the care of surgeons today as the result of an accident which occurred while he was at work on a new skyscraper in the downtown district.

A heavy bolt fell fourteen stories and hit him on the side of the face, tearing the flesh and fracturing the cheek bone. Had it struck a few inches higher, the doctors say it would have killed him instantly. He will be laid up for several weeks by the injury.

## SCHOLARSHIP LAURELS WON BY MEN STUDENTS

MADISON, Wis., April 25.—The men students at the University of Wisconsin are more proficient in their college work than the women, according to the annual elections to Phi Beta Kappa fraternity, announced yesterday by the faculty, when thirty-seven men and seven women were given membership in that honorary scholastic society.

## THEY GROW HAIR

Certain Ingredients if Properly Combined Stimulate the Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Betanaphthol is a most powerful, yet absolutely safe, germicide, antiseptic, which prevents development of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Resall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair. Providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Resall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in a list of 100 cases where put to a practical test.

from anything else we know of for the Resall "93" Hair Tonic is entirely unlike and in every particular different purpose for which it is recommended. We urge you to try it at our entire risk. Here is a car that runs with eagerness

ONE man writes as follows: "I want to congratulate you on the expression, 'It runs with eagerness,' which you used in a recent advertisement to describe the Chalmers 'Forty.' That is the best expression I ever saw in a motor car advertisement. It fastened an idea in my mind. And I have found the phrase is a true one, too. Last Saturday I was out in the Wisconsin hills with Mr. Freschl of the Holeproof Hosiery Company in his Chalmers 'Forty' and it seemed that this car when it came to a hill would pick up, of its own accord, energy to overcome the obstacle—for all the world like a human being."

Chalmers cars do "run with eagerness." They are good machines—but something more than machines. They have a quality of youth and unflagging energy. They not only give satisfaction—they inspire in those who use them a feeling akin to affection. Most any owner can tell you something about it.

We would like to tell you more about Chalmers cars and hope you will give us, soon, an opportunity to demonstrate them to you.
